Roper Technologies, Inc.

Roper Technologies Announces Record 2017 Financial Results

Fourth Quarter Revenue Increased 21% and Operating Cash Flow Increased 36%

Full Year Operating Cash Flow Increased to \$1.23 Billion

Sarasota, Florida, February 2, 2018 ... Roper Technologies, Inc. (NYSE: ROP), a diversified technology company, reported financial results for the fourth quarter and full year ended December 31, 2017.

Roper reports results - including revenue, gross margin, operating margin, net income, and diluted earnings per share ("DEPS") - on a GAAP basis and an adjusted basis.

Fourth Quarter 2017

Fourth quarter GAAP and adjusted revenue increased 21% to \$1.23 billion, and organic revenue grew 5%. GAAP gross margin expanded 40 basis points to 62.4% and adjusted gross margin expanded 30 basis points to 62.6%.

GAAP DEPS was \$4.27, and adjusted DEPS was \$2.70, a 23% increase. Adjusted results exclude a one-time net gain of \$215 million resulting from the Tax Cuts and Jobs Act, in addition to customary adjustments.

Adjusted EBITDA grew 21% to \$441 million. Operating cash flow and free cash flow both increased 36% to \$369 million and \$353 million, respectively.

Full Year 2017

Full year GAAP revenue increased 22% to \$4.61 billion and adjusted revenue grew 23% to \$4.67 billion. GAAP gross margin expanded 70 basis points to 62.2% and adjusted gross margin expanded 90 basis points to 62.6%.

Adjusted EBITDA grew 22% to \$1.60 billion. Operating cash flow grew to \$1.23 billion, a 28% increase and a 23% increase on an adjusted basis.

“2017 was a remarkable year for Roper as our strategic focus on asset-light diversified technology businesses continued to drive shareholder value,” said Brian Jellison, Roper’s Chairman, President and CEO. “Cash flow performance across our operations was outstanding, helping us reduce debt by \$1.06 billion and operate with negative working capital for the first time. Our strong organic revenue growth was enhanced by contributions from our large 2016 software acquisitions, Deltak and ConstructConnect, which exceeded our initial revenue and cash flow expectations for the year.”

2018 Outlook and Guidance

“The Tax Cuts and Jobs Act will provide significant benefits for Roper,” said Mr. Jellison. “The expected decrease in our effective tax rate will lead to increases in both earnings and cash flow in 2018 and beyond. Furthermore, our ability to better access our cash worldwide will enable us to accelerate investment and continue pursuing attractive acquisition opportunities from a robust pipeline.”

Roper expects full year adjusted DEPS between \$10.88 and \$11.20 with first quarter adjusted DEPS between \$2.44 and \$2.50.

The Company’s guidance excludes the impact of future acquisitions or divestitures.

Conference Call to be Held at 8:30 AM (ET) Today

A conference call to discuss these results has been scheduled for 8:30 AM ET on Friday, February 2, 2018. The call can be accessed via webcast or by dialing +1 888-455-2265 (US/Canada) or +1 719-325-4747, using confirmation code 1925510. Webcast information and conference call materials will be made available in the Investors section of Roper’s website (www.ropertech.com) prior to the start of the call. The webcast can also be accessed directly by using the following URL <https://event.webcast>. Telephonic replays will be available for up to two weeks and can be accessed by using the following registration URL <https://event.replay> with access code 1925510.

Use of Non-GAAP Financial Information

The Company supplements its consolidated financial statements presented on a GAAP basis with certain non-GAAP financial information to provide investors with greater insight, increase transparency and allow for a more comprehensive understanding of the information used by management in its financial and operational decision-making. Reconciliation of non-GAAP measures to their most directly comparable GAAP measures are included in the accompanying financial schedules or tables. The non-GAAP financial measures disclosed by the Company should not be considered a substitute for, or superior to, financial measures prepared in accordance with GAAP, and the financial results prepared in accordance with GAAP and reconciliations from these results should be carefully evaluated.

About Roper Technologies

Roper Technologies is a constituent of the S&P 500, Fortune 1000, and the Russell 1000 indices. Roper designs and develops software (both software-as-a-service and licensed), and engineered products and solutions for healthcare, transportation, food, energy, water, education and other niche markets worldwide. Additional information about Roper is available on the Company's website at www.ropertech.com.

The information provided in this press release contains forward-looking statements within the meaning of the federal securities laws. These forward-looking statements may include, among others, statements regarding operating results, the success of our internal operating plans, and the prospects for newly acquired businesses to be integrated and contribute to future growth, profit and cash flow expectations. Forward-looking statements may be indicated by words or phrases such as "anticipate," "estimate," "plans," "expects," "projects," "should," "will," "believes," "intends" and similar words and phrases. These statements reflect management's current beliefs and are not guarantees of future performance. They involve risks and uncertainties that could cause actual results to differ materially from those contained in any forward-looking statement. Such risks and uncertainties include our ability to identify and complete acquisitions consistent with our business strategies, integrate acquisitions that have been completed, realize expected benefits and synergies from, and manage other risks associated with, the newly acquired businesses. We also face other general risks, including our ability to realize cost savings from our operating initiatives, general economic conditions and the conditions of the specific markets in which we operate, changes in foreign exchange rates, difficulties associated with exports, risks associated with our international operations, increased product liability and insurance costs, increased warranty exposure, future competition, changes in the supply of, or price for, parts and components, environmental compliance costs and liabilities, risks and cost associated with asbestos related litigation, potential write-offs of our substantial intangible assets, and risks associated with obtaining governmental approvals and maintaining regulatory compliance for new and existing products. Important risks may be discussed in current and subsequent filings with the SEC. You should not place undue reliance on any forward-looking statements. These statements speak only as of the date they are made, and we undertake no obligation to update publicly any of them in light of new information or future events.
