Dear Shareholder:

The enclosed Roper Industries, Inc. proxy card is different from the usual proxy card. Not only does it provide for you to give instructions as to how to vote your Roper Common Stock, but it also provides a place for you to confirm the number of shares you beneficially own on the date shown on the card. This, in turn, will indicate how many votes you will be entitled to cast at the Annual Meeting to be held on February 26, 1999.

The number of votes to which you will be entitled depends generally on when you acquired your shares and whether or not there has been any change since the date of acquisition in the "beneficial ownership" of your Common Stock, as that phrase is defined in Roper's Restated Certificate of Incorporation ("Certificate of Incorporation").

For example, if you purchased all of your Common Stock after December 31, 1994, you will have one vote per share. If you acquired your shares on or before December 31, 1994 and there has been no change in the beneficial ownership of your shares, you are entitled to five votes per share.

Also, you may beneficially own some Common Stock in each category, in which case you will be entitled to five votes with respect to some shares and one vote with respect to others.

Even though you have acquired shares after December 31, 1994, you may be entitled to five votes per share if the acquisition of such shares falls within one of the prescribed exceptions stated in the Certificate of Incorporation, pertinent portions of which are set forth beginning on page A-1 of the Notice of Annual Meeting of Shareholders and Proxy Statement.

It is important that you provide the information confirming the beneficial ownership of your shares in the space provided on the card. If you do not provide this information, you will be entitled to one vote per share for all shares covered by the proxy.

Very truly yours,

/s/ Derrick N. Key

Dear Shareholder of Record:

The enclosed Roper Industries, Inc. proxy card is furnished to you as a holder of record of shares of Roper Common Stock as of December 31, 1998, the record date for the Annual Meeting of Shareholders to be held on February 26, 1999. Not only does it provide for you to give instructions as to how to vote your Common Stock, but it also indicates the number of such shares held of record entitled to five votes and the number of such shares entitled to one vote, according to Roper's shareholder records. The number of votes per share to which you are entitled depends generally on when you acquired your Common Stock and whether or not there has been any change since the date of acquisition in the "beneficial ownership" of your Common Stock, as that phrase is defined in Roper's Restated Certificate of Incorporation ("Certificate of Incorporation").

For example, if you acquired all of your Common Stock after December 31, 1994, you will have one vote per share. If you acquired your shares on or before December 31, 1994 and there has been no change in the beneficial ownership of your shares, you are entitled to five votes per share. You may beneficially own some Common Stock in each category, in which case you will be entitled to five votes with respect to some shares and one vote with respect to others.

Even though you have acquired shares after December 31, 1994, you may be entitled to five votes per share if the acquisition of such shares falls within one of the prescribed exceptions stated in the Certificate of Incorporation, pertinent portions of which are set forth beginning on page A-1 of the Notice of Annual Meeting of Shareholders and Proxy Statement.

If you believe the number of your shares held of record indicated to be entitled to five votes and one vote is incorrect, you should follow the procedures set out in the Proxy Statement which accompanies the proxy card.

You also may own additional shares of Roper Common Stock in "street name" through bank or brokerage accounts. If so, you will receive a different proxy card with respect to those shares which you should complete to vote such additional shares at the Annual Meeting.

Very truly yours,

/s/ Derrick N. Key

In addition to the solicitation of proxies by use of the mails, officers and regular employees of the Company may devote part of their time, without additional compensation, to solicitation by fax, telephone or personal calls. Arrangements may also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to beneficial owners and for reimbursement of their out-of-pocket and clerical expenses incurred in that connection. Proxies may be revoked at any time prior to voting.

The mailing address of the principal executive offices of the Company is Roper Industries, Inc., 160 Ben Burton Road, Bogart, Georgia 30622. This Proxy Statement and the enclosed Proxy together with the 1998 Annual Report was mailed to shareholders on or about January 22, 1999. ON WRITTEN REQUEST MAILED TO THE ATTENTION OF THE CHIEF FINANCIAL OFFICER OF THE COMPANY AT THE ADDRESS SET FORTH ABOVE, THE COMPANY WILL PROVIDE WITHOUT CHARGE A COPY OF ITS 1998 ANNUAL REPORT ON FORM 10-K FILED WITH THE SECURITIES AND EXCHANGE COMMISSION.

VOTING SECURITIES

As of December 31, 1998 (the "Record Date"), the Company had outstanding 30,361,742 shares of Common Stock, all of which shares are entitled to vote. The Company's Restated Certificate of Incorporation (the "Certificate of Incorporation") provides that each outstanding share of Common Stock will entitle the holder thereof to five (5) votes, except that holders of outstanding shares of Common Stock with respect to which there has been a change in beneficial ownership during the four (4) years immediately preceding the Record Date will be entitled to one (1) vote per share. Accordingly, shares owned on or before December 31, 1994, and as to which there has been no change in beneficial ownership since that date, are entitled to five votes per share. Stock dividend shares received pursuant to the Company's August 1997 2-for-1 stock split shall be entitled to the same number of votes as the originally issued shares with respect to which they were distributed. The actual voting power of each holder of Common Stock will be based on stock ownership on the Record Date, as demonstrated by shareholder records at the time of the Annual Meeting. FOR VOTING PURPOSES, PROXIES REQUIRING CONFIRMATION OF THE DATE OF BENEFICIAL OWNERSHIP RECEIVED BY THE BOARD OF DIRECTORS WITH SUCH CONFIRMATION NOT COMPLETED SO AS TO SHOW WHICH SHARES BENEFICIALLY OWNED BY THE SHAREHOLDER ARE ENTITLED TO FIVE VOTES FOR EACH SHARE WILL BE VOTED WITH ONE VOTE FOR EACH SHARE. See "OTHER INFORMATION - Voting by Proxy and Confirmation of Beneficial Ownership" on page 14.

Shareholders are urged to sign the enclosed Proxy and return it promptly in the envelope enclosed for that purpose. Proxies will be voted in accordance with the shareholders' directions. If no directions are given, proxies will be voted FOR the election of the nominees named herein for Directors. With regard to the election of Directors, votes may be cast in favor of all nominees or withheld from all nominees or any particular nominee. Directors will be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting.

Under the rules of the New York Stock Exchange, brokers who hold shares in a street name have the authority to vote on certain items when they have not received instructions from beneficial owners. Thus, brokers that do not receive instructions are entitled to vote upon the election of Directors and broker non-votes are not anticipated.

COMPLIANCE WITH SECTION 16(A) OF THE SECURITIES EXCHANGE ACT OF 1934

Section 16(a) of the Securities Exchange Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission (the "SEC") initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Executive officers, directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended October 31, 1998, all Company executive officers and directors complied with applicable Section 16(a) filing requirements, except that Mr. Schall-Riaucour did not timely file his Form 4 for April 1998 reporting his exercise of options for 4,000 shares, Mr. Von Braun did not timely file his Form 4 for May 1998 reporting his sale of 6,000 shares and Mr. Christensen did not timely file his Form 4 for August 1998 reporting his acquisition of 350 shares. BOARD OF DIRECTORS AND EXECUTIVE OFFICERS

PROPOSAL 1: ELECTION OF THREE (3) DIRECTORS

The Certificate of Incorporation provides that the Board of Directors shall consist of such number of members as may be fixed, from time to time, by the Board of Directors, but not less than the minimum number required under Delaware law. The Certificate of Incorporation also provides that the Board of Directors shall be divided into three classes of Directors, with the term of one class expiring at each annual shareholders' meeting and each class serving three-year terms. Following the retirement of Mr. Kenna and Mr. Ohrstrom from the Board of Directors effective October 31, 1998, the Board reduced the number of Directors from eleven (11) to nine (9). To equalize the three classes, Mr. Prezzano resigned his seat in the class of Directors whose terms are set to expire in the year 2001, and was thereupon appointed to a vacant seat in the class of Directors whose terms are set to expire in the year 2000. Thus, each of the three classes comprises three Directors.

The terms of office of Directors Calder, Key and Wright expire at the Annual Meeting, and such persons are proposed as nominees for Director for terms expiring at the 2002 Annual Meeting of Shareholders. Proxies received which contain no instructions to the contrary will be voted FOR the nominees listed below. In the event any nominee is unable to serve (an event management does not anticipate), the Proxy will be voted for a substitute nominee selected by the Board of Directors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's executive compensation program is administered by the Compensation Committee (the "Committee") of the Board of Directors. The Committee is appointed by the Board and is comprised of three non-employee Directors of the Company. The Committee has responsibility for all compensation matters concerning the Company's executive officers.

COMPENSATION PHILOSOPHY

The Company's executive compensation program strongly links management pay with the Company's annual and long-term performance. The program is intended to attract, motivate and retain senior corporate and operating company management by providing compensation opportunities that are consistent with Company performance. The program provides for base salaries which reflect such factors as level of responsibility, individual performance, internal fairness and external competitiveness; annual incentive bonus awards which are payable in cash or Common Stock upon the Company's achievement of annual financial objectives approved by the Board; and long-term incentive opportunities in the form of stock options which strengthen the mutuality of interests between management and the Company's shareholders. While the income tax implications of the compensation program to the Company and its executive officers are continually assessed, including the \$1 million per covered employee limitation on the compensation expenses deductible by the Company, they are not presently a significant factor in the administration of the program.

The Company strives to provide compensation opportunities which emphasize effectively rewarding management for the achievement of critical financial performance objectives. The Committee supports a pay-for-performance policy that determines compensation amounts based on business unit and individual performance. While the establishment of base salaries turns principally on the factors noted above, annual incentive bonuses for senior operating company executives are based on the financial performance of their respective business units, and annual incentive bonuses for senior corporate executives are based on the financial performance of their group or of the Company as a whole. In addition, the program provides stock incentive opportunities designed to align the interests of executives and other key employees with other shareholders through the ownership of Common Stock. The following is a discussion of each of the elements of the Company's executive compensation program including

a description of the decisions and actions taken by the Committee with respect to fiscal 1998 compensation for the Chief Executive Officer (the "CEO") and all executive officers as a group.

MANAGEMENT COMPENSATION PROGRAM

Compensation paid to the Company's executive officers for the fiscal year 1998 (as reflected in the tables that follow with respect to the named executive officers) consisted of the following elements: base salary, annual incentive cash bonus awards and stock options granted under the Company's 1991 Stock Option Plan.

BASE SALARY

With respect to determining the base salary of executive officers, the Committee takes into consideration a variety of factors including the executive's level of responsibility and individual performance, and the salaries of similar positions in the Company and in comparable companies in the Company's industry. The Committee also engages the services of independent consultants from time to time to assess such comparable, external salary values. The Committee believes that its process for determining and adjusting the base salary of executive officers is fully consistent with sound personnel practices. Based on the Committee's consideration of the aforementioned factors, salary increases were made effective as of January 1, 1998 for each of the named executive officers and certain other executive officers of the Company and are reflected in the compensation tables that follow.

Annual adjustments in base salaries of the executive officers typically are made effective at the beginning of the calendar year for which they are intended to apply and therefore reflect in large part prior year's business and individual performance achievements.

ANNUAL INCENTIVE BONUS PROGRAM

The Company's annual incentive bonus program for its executive officers (including those identified in the tables that follow) is based on the achievement of annual financial performance targets which are established over a three-year period, but which are subject to adjustment as the Committee deems appropriate. Although the program presently emphasizes cash bonus payments, bonus Common Stock awards can be utilized when deemed appropriate. Subjective performance criteria are not utilized in the determination of annual incentive bonuses. The objective criteria utilized include actual-versus-target sales and actual-versus-target earnings, the latter as expressed by return on net tangible assets ("RNTA"). Target sales and target RNTA established for the purpose of determining bonus payments are based on the annual business plans of the Company and each of its subsidiaries. Up to 50% of a group or operating company officer's incentive bonus award is based on the sales performance vs. target of his or her operating group or company and up to 50% is based upon the RNTA performance vs. target of such group or company. The annual incentive bonuses of those corporate-level executive officers, whose responsibilities encompass all subsidiaries, are based with equal weighting on consolidated earnings per share, consolidated sales, and operating company RNTA performance targets. The Company accrues for these bonus payments currently throughout the year. Final calculation of the Company's financial performance (and the financial performance of its subsidiaries) and determination and payment of the awards is made as soon as is practicable after the completion of the Company's fiscal year which ends October 31. Individual annual incentive bonus awards to executive officers for the Company's 1998 fiscal year were determined by the Committee based on application of the aforementioned factors to the Company's financial performance for fiscal 1998 and were paid after its conclusion.

1991 STOCK OPTION PLAN

The long-term incentive element of the Company's management compensation program is in the form of stock options grants. These discretionary stock options are granted and administered by the Committee under the 1991 Stock Option Plan which is intended to create an opportunity for key employees of the Company to acquire

a proprietary interest in the Company and thereby enhance their efforts in the service of the Company and its shareholders. The compensatory and administrative features of the 1991 Stock Option Plan conform in all material respects to the design of standard comparable plans in industry and are, in the Committee's estimation, fair and reasonable.

During fiscal 1998, the Committee approved nine (9) separate grants of stock options to 237 key employees at exercise prices ranging from \$25.625 to \$32.25 per share, which prices were the then-current fair market value of the Common Stock for which the options were granted. Twenty percent of the options under each grant will become exercisable cumulatively on each succeeding anniversary of the respective grant dates through 2002 or 2003. The Committee believes that by rationing the exercisability of these stock options over a five-year period, the executive retention impact of the 1991 Stock Option Plan will be strengthened and management's motivation to enhance the value of the Company's Common Stock will be constructively influenced.

CHIEF EXECUTIVE OFFICER COMPENSATION

During fiscal 1998, Derrick N. Key, Chief Executive Officer of the Company, was eligible to participate in the same executive compensation plans as were available to other corporate-level executive officers of the Company. Based on the performance of the Company in the prior fiscal year and the Committee's assessment of Mr. Key's ongoing personal performance in the position of Chief Executive Officer, Mr. Key received a salary increase effective as of January 1, 1998. Among the factors considered by the Committee in its consideration of Mr. Key's performance were the continued expansion of the Company's core businesses into both domestic and international markets, the continued success of the Company's acquisition strategy and the Committee's desire that Mr. Key's salary be set at a level commensurate with other CEO's of comparable public companies.

Mr. Key's annual incentive bonus award for fiscal 1998 was earned under the same plan applicable to all other corporate-level executive officers of the Company and was based solely on the fiscal 1998 financial performance of the Company and its subsidiaries. On that basis, Mr. Key received an annual incentive bonus award equal to 49.7% of his fiscal 1998 year-end base salary rate. No subjective assessment of Mr. Key's performance entered into the determination of his annual incentive bonus award.

Mr. Key participates in the Company's 1991 Stock Option Plan and on November 10, 1997 was granted thereunder stock options for 12,000 shares of Common Stock at the option price of \$26.625 per share. This option grant was based on the Company's continued success in executing its business strategies. Mr. Key is eligible to receive future option grants at the discretion of the Committee.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code"), limits the amount of individual compensation for certain executives that may be deducted by the employer for federal income tax purposes in any one fiscal year to \$1 million unless such compensation is "performance-based". The determination of whether compensation is performance-based depends upon a number of factors, including shareholder approval of the plan under which the compensation is paid, the exercise price at which options or similar awards are granted, the disclosure to and approval by the shareholders of applicable performance standards, the composition of the Committee, and certification by the Committee that performance standards were satisfied. In order to preserve the Company's ability to deduct certain performance-based compensation under Section 162(m), the Committee, in structuring compensation programs for its executive officers, intends to give strong consideration to the deductibility of awards.

OTHER INFORMATION

VOTING BY PROXY AND CONFIRMATION OF BENEFICIAL OWNERSHIP

To assure that shares will be represented at the meeting, please complete, sign and return the enclosed Proxy in the envelope provided for that purpose whether or not you expect to attend. Shares represented by a valid Proxy will be voted as specified.

Any shareholder, without affecting any vote previously taken, may revoke a Proxy by a later-dated Proxy or by giving notice of revocation to the Company in writing addressed to the Company at 160 Ben Burton Road, Bogart, Georgia 30622.

As described below, the number of votes that each shareholder will be entitled to cast at the meeting will depend on when the shares were acquired and whether or not there has been a change in beneficial ownership since the date of acquisition, with respect to each of such holder's shares. Stock dividend shares received pursuant to the Company's August 1997 2-for-1 stock split shall be entitled the same number of votes as the original shares with respect to which the dividend shares were distributed.

Yellow Proxy cards are being furnished to shareholders whose shares of Common Stock are held by brokers or banks or in nominee name. Shareholders receiving yellow Proxy cards are requested to confirm to the Company how many of the shares they own as of December 31, 1998 were beneficially owned on or before December 31, 1994, entitling such shareholder to five votes per share, and how many were acquired after December 31, 1994, entitling such shareholder to one vote per share. If no confirmation of beneficial ownership is received from a shareholder at least three (3) business days prior to the Annual Meeting, it will be deemed by the Company that beneficial ownership of all shares was effected after December 31, 1994, and the shareholder will be entitled to one vote for each share. If a shareholder provides incorrect information, he may provide correct information at any time at least three (3) business days prior to the voting of his shares at the Annual Meeting.

Blue Proxy cards are being furnished to individual shareholders of record on December 31, 1998 whose shares of Common Stock on the records of the Company show the following:

- (i) that such shareholder had beneficial ownership of such shares on or before December 31, 1994, and there has been no change since that date, thus entitling such shareholder to five votes for each share; or
- (ii) that beneficial ownership of such shares was effected after December 31, 1994, thus entitling such shareholder to one vote for each share; or
- (iii) that the dates on which beneficial ownership of such shares was effected are such that such shareholder is entitled to five votes for some shares and one vote for other shares.

Printed on the blue proxy card for each individual shareholder of record is the number of shares of Common Stock for which he is entitled to cast five votes each and/or one vote each, as the case may be, as shown on the records of the Company.

Shareholders are urged to review the number of shares shown on their blue proxy cards in the five-vote and one-vote categories. If the number of shares shown in a voting category is believed to be incorrect, the shareholder should notify the Company in writing of that fact and either enclose such notice along with his blue proxy card in the postage-paid, return envelope, or mail such notice directly to the Company at the address indicated above. The shareholder should identify the shares improperly classified for voting purposes and provide information as to the date beneficial ownership was acquired by him. Any such notification of improper classification of votes must be

made at least three (3) business days prior to the Annual Meeting or the shareholder will be entitled at the Annual Meeting to the number of votes indicated on the records of the Company.

In certain cases, record ownership may change but beneficial ownership for voting purposes does not change. The Certificate of Incorporation of the Company states the exceptions where beneficial ownership is deemed not to have changed upon the transfer of shares of Common Stock. Shareholders should consult the pertinent provision of the Certificate of Incorporation attached as Annex A for those exceptions.

By resolution duly adopted by the Board of Directors of the Company pursuant to section (v) of subparagraph B of Article 4 of the Restated Certificate of Incorporation, the following procedures have been adopted for use in determining the number of votes per share to which a shareholder is entitled.

- (i) The Company may accept the written and signed statement of a shareholder to the effect that no change in beneficial ownership has occurred during the four years immediately preceding the date on which a determination is made of the shareholders of the Company who are entitled to vote or take any other action. Such statement may be abbreviated to state only the number of shares as to which such shareholder is entitled to exercise five votes or one vote.
- (ii) In the event the Secretary of the Company, in his sole discretion, taking into account the standards set forth in the Company's Restated Certificate of Incorporation, deems any such statement to be inadequate or for any reason deems it in the best interest of the Company to require further evidence of the absence of change of beneficial ownership during such period preceding the record date, he may require such additional evidence and, until it is provided in form and substance satisfactory to him, a change in beneficial ownership during such period shall be deemed to have taken place.
- (iii) Information supplementing that contemplated by paragraph (i) and additional evidence contemplated by paragraph (ii) may be provided by a shareholder at any time but must be furnished at least three (3) business days prior to any meeting of shareholders at which such shares are to be voted for any change to be effective at such meeting.
- (iv) The foregoing rules and procedures shall be implemented substantially in accordance with the methods utilized in connection with any annual or other meeting of shareholders including the proxy forms and correspondence to stockholders used for purposes of such meetings, subject to such changes as may be necessary or advisable in the judgment of the Secretary of the Company or the Board of Directors. The Board of Directors shall have absolute discretion to review any determination made with respect to the matters set forth herein and in subparagraph B of Article 4 of the Company's Restated Certificate of Incorporation (including, without limitation, the adequacy of the proof submitted by any corporation or other entity to establish the absence of a change in beneficial ownership of shares in accordance with section (ii) (a) of subparagraph B of Article 4).

VOTING PROCEDURES

The presence, in person or by proxy, of the owners of a majority of the votes entitled to be cast is necessary for a quorum at the Annual Meeting.

All shares of Common Stock in the Roper Industries, Inc. Employee's Retirement Savings 003 Plan and the Roper Industries, Inc. Employee's Retirement Savings 004 Plan that have been allocated to the account of a participant therein for which the plan trustee receives voting instructions will be voted in accordance with those instructions. All Common Stock that has been allocated to the account of a participant for which the trustee has not received voting instructions, and any shares which have not been allocated to the account of a participant, will be voted by the trustee in the same proportion as the shares for which the trustee has received voting instructions from participants.

INDEPENDENT AUDITORS

The firm of KPMG Peat Marwick LLP provided assorted accounting services to the Company and served as the Company's independent auditors for fiscal 1998. One or more representatives of KPMG Peat Marwick LLP are expected to be present at the Annual Meeting and will be given the opportunity to make a statement, if they so desire, and to respond to appropriate questions of shareholders in attendance. Consistent with its customary practice, the Board of Directors expects to appoint its independent auditors for fiscal 1999 at an undetermined time following the Annual Meeting.

TIME-PHASED VOTING INSTRUCTIONS
ROPER INDUSTRIES, INC.

Voting Procedures - Beneficial Owners
Common Stock of Roper Industries, Inc.

TO ALL BANKS, BROKERS AND NOMINEES:

Roper Industries, Inc. ("Roper") shareholders who were holders of record on December 31, 1998 and who acquired Roper Common Stock on or before December 31, 1994, will be entitled to cast five votes per share at the Annual Meeting to be held February 26, 1999. Those holders of record who acquired their shares after December 31, 1994 are, with certain exceptions, entitled to cast one vote per share on the Common Stock they own. Stock dividend shares received pursuant to the Company's August 1997 2-for-1 stock split in the form of a 100% stock dividend shall be entitled the same number of votes as the original shares with respect to which they were distributed.

To enable Roper to tabulate the voting by beneficial owners of Common Stock held in your name, a special proxy has been devised for use in tabulating the number of shares entitled to five votes each and one vote each. On this card, the beneficial owner must confirm the numbers of five-vote shares and one-vote shares, respectively, he is entitled to vote, and by the same signature, gives instructions as to the voting of those shares. ALL UNINSTRUCTED SHARES WILL BE VOTED UNDER THE 10-DAY RULE. ALL SHARES FOR WHICH BENEFICIAL OWNERSHIP IS NOT CONFIRMED, WHETHER INSTRUCTED OR NOT, WILL BE LISTED AS ONE-VOTE SHARES. THIS IS NOT TO BE REGARDED AS A NON-ROUTINE VOTE MERELY BECAUSE OF THE NATURE OF THE VOTING RIGHTS OF THE COMMON STOCK. The confirmation of beneficial ownership is as follows:

VOTING CONFIRMATION

Please provide the number of shares beneficially owned for each category as of December 31, 1998.

_____ shares beneficially owned ON or BEFORE December 31, 1994 entitled to five votes each.

_____ shares beneficially owned and acquired AFTER December 31, 1994 entitled to one vote each.

If no confirmation is provided, it will be deemed that beneficial ownership of all shares voted will be entitled to one vote each.

YOU DO NOT HAVE TO TABULATE VOTES. Only record the number of shares shown on the "Vote Confirmation" Section of the Proxy Card. If no shares are reported on the Proxy Card, record the shares for tabulation purposes as having been acquired AFTER December 31, 1994.

IF YOU ARE A BROKER, DO NOT CONFIRM SHARES. Only the beneficial owner confirms shares in each voting category shown on the Proxy Card.

IF YOU ARE A BANK, YOU MAY WISH TO FOLLOW YOUR USUAL PROCEDURES AND FURNISH THE PROXY CARD TO THE BENEFICIAL OWNER. The beneficial owner will vote his beneficial ownership including the completion of the information required by the "Vote Confirmation". The beneficial owner may return the Proxy Card either to you or to Roper Industries, Inc., c/o Trust Company Bank, Corporate Trust Department, P.O. Box 4625, Atlanta, Georgia 30302.

UNLESS OTHERWISE SPECIFIED BELOW, THIS PROXY WILL BE VOTED (I) FOR THE ELECTION AS DIRECTORS OF THE NOMINEES LISTED BELOW, (II) FOR THE TRANSACTION OF ANY OTHER BUSINESS PROPERLY BROUGHT BEFORE THE MEETING.
