**(Amounts are in millions, except per share data)**

**1. Basis of Presentation**

The accompanying Condensed Consolidated Financial Statements for the three months ended March 31, 2026 and 2025 are unaudited. In the opinion of management, the accompanying unaudited Condensed Consolidated Financial Statements reflect all adjustments, which include only normal recurring adjustments, necessary to state fairly the financial position, results of operations, comprehensive income, and cash flows of Roper Technologies, Inc. and its subsidiaries (“Roper,” the “Company,” “we,” “our,” or “us”) for all periods presented. The December 31, 2025 financial position data included herein was derived from the audited consolidated financial statements included in the Company’s 2025 Annual Report on Form 10-K (“Annual Report”) filed on February 24, 2026 with the U.S. Securities and Exchange Commission (“SEC”) but does not include all annual disclosures required by U.S. generally accepted accounting principles (“GAAP”).

Roper’s management has made estimates and assumptions related to the reporting of assets and liabilities and the disclosure of contingent assets and liabilities to prepare these Condensed Consolidated Financial Statements in conformity with GAAP. Actual results could differ from those estimates.

The results of operations for the three months ended March 31, 2026 are not necessarily indicative of the results to be expected for the full year. You should read these unaudited Condensed Consolidated Financial Statements in conjunction with Roper’s audited Consolidated Financial Statements and the notes thereto included in its Annual Report. Certain prior period amounts have been reclassified to conform to current period presentation.

**2. Recent Accounting Pronouncements**

The Financial Accounting Standards Board (“FASB”) establishes changes to accounting principles under GAAP in the form of accounting standards updates (“ASUs”) to the FASB’s Accounting Standards Codification (“ASC”). The Company considers the applicability and impact of all ASUs. Any recent ASUs not listed below were assessed and either determined to be not applicable or are expected to have an immaterial impact on the Company’s Consolidated Financial Statements.

In November 2024, the FASB issued Accounting Standards Update No. 2024-03, “Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses” (ASU 2024-03), which requires the disclosure of additional information about specific categories of costs and expenses in the notes to consolidated financial statements. This guidance is effective for annual periods beginning after December 15, 2026, and interim periods within fiscal years beginning after December 15, 2027. Early adoption is permitted. This ASU will likely result in additional disclosures. We are currently evaluating the provisions of this ASU.

In September 2025, the FASB issued Accounting Standards Update No. 2025-06, “Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40): Targeted Improvements to the Accounting for Internal-Use Software” (ASU 2025-06), which updates the threshold for cost capitalization of internal-use software development costs by removing all references to project development stages and adding considerations for evaluating the probable-to-complete recognition threshold. This guidance is effective for annual periods beginning after December 15, 2027, and interim periods within those fiscal years. Early adoption is permitted. We are currently evaluating the provisions of this ASU.

**3. Weighted Average Shares Outstanding**

Basic earnings per share was calculated using net earnings and the weighted average number of shares of common stock outstanding during the respective period. Diluted earnings per share was calculated using net earnings and the weighted average number of shares of common stock and potential common stock outstanding during the respective period. Potentially dilutive common stock consisted of stock options and restricted stock awards based upon the average trading price of Roper’s common stock. The effects of potential common stock were determined using the treasury stock method.

Weighted average shares outstanding are presented below:

|                                   | Three months ended<br>March 31, |       |
|-----------------------------------|---------------------------------|-------|
|                                   | 2026                            | 2025  |
| Basic shares outstanding          | 104.3                           | 107.4 |
| Effect of potential common stock: |                                 |       |
| Common stock awards               | 0.3                             | 0.8   |
| Diluted shares outstanding        | 104.6                           | 108.2 |

For the three months ended March 31, 2026, there were 2.342 stock-based awards outstanding that were not included in the determination of diluted earnings per share because to do so would have been antidilutive, as compared to 0.844 stock-based awards outstanding that would have been antidilutive in the comparable period of 2025.

#### 4. Business Acquisitions

During the three months ended March 31, 2026, Roper completed one business acquisition for a purchase price of \$25.0. This acquisition has been integrated into a business within, and its results are reported in, the Network Software reportable segment.

The results of operations of the acquired business are included in Roper's Condensed Consolidated Financial Statements from the date of acquisition. Pro forma results of operations and the revenues and net earnings subsequent to the acquisition date have not been presented because the effects of the acquisition were not material to our financial results.

#### 5. Stock-Based Compensation

The Roper Technologies, Inc. 2021 Incentive Plan is a stock-based compensation plan used to grant incentive stock options, nonqualified stock options, restricted stock and restricted stock units (collectively "restricted stock awards"), stock appreciation rights, or equivalent instruments to Roper's employees, officers, directors, and consultants.

Information regarding the Company's stock-based compensation expense, included as a component of "Selling, general and administrative expenses" ("SG&A expenses"), is provided in the following table:

|                                        | Three months ended<br>March 31, |         |
|----------------------------------------|---------------------------------|---------|
|                                        | 2026                            | 2025    |
| Stock-based compensation               | \$ 52.6                         | \$ 38.8 |
| Tax benefit recognized in net earnings | \$ 8.0                          | \$ 6.3  |

The Company accounts for forfeitures of stock-based awards as they occur, with previously recognized compensation reversed in the period in which the awards are forfeited.

**Stock Options** – During the three months ended March 31, 2026, 0.528 options were granted with a weighted-average fair value of \$91.86 per option. During the comparable period in 2025, 0.242 options were granted with a weighted-average fair value of \$182.89 per option. All options were granted with an exercise price equal to the closing price of Roper's common stock on the date of grant, as required by the Company's stock-based compensation plan.

Roper records compensation expense for employee stock options based on the estimated fair value of the options on the date of grant using the Black-Scholes option valuation model. Historical data is used to estimate the expected price volatility, the expected dividend yield, and the expected option life. The risk-free rate is based on the U.S. Treasury yield curve in effect at the time of grant for the expected life of the award.

The following weighted average assumptions were used to estimate the fair value of options granted during the current and prior year periods using the Black-Scholes option valuation model:

|                              | Three months ended March 31, |       |
|------------------------------|------------------------------|-------|
|                              | 2026                         | 2025  |
| Risk-free interest rate (%)  | 3.81                         | 4.12  |
| Expected option life (years) | 5.77                         | 5.74  |
| Expected volatility (%)      | 21.82                        | 25.07 |
| Expected dividend yield (%)  | 0.96                         | 0.52  |

Cash received from option exercises during the three months ended March 31, 2026 and 2025 was \$8.3 and \$61.1, respectively.

**Restricted Stock Awards** – During the three months ended March 31, 2026, the Company granted 0.803 shares of restricted stock awards in total, with a weighted-average grant date fair value of \$353.92 per share. During the comparable period in 2025, the Company granted 0.342 shares of restricted stock awards in total, with a weighted-average grant date fair value of \$608.04 per share. These awards were granted at the fair market value of the shares on the date of grant.

Restricted stock awards include 0.157 and 0.074 performance-based restricted stock awards granted to certain members of the Roper senior leadership team during the three months ended March 31, 2026 and 2025, respectively, with a weighted-average grant date fair value of \$353.87 and \$663.42 per share, respectively. Such awards include the ability to earn up to 200% of the number of restricted stock awards originally granted contingent upon Roper’s performance over a three-year period.

During the three months ended March 31, 2026, 0.144 restricted stock award shares vested with a weighted-average grant date fair value of \$485.37 per share and a weighted-average vest date fair value of \$356.15 per share. During the comparable period in 2025, 0.093 restricted stock award shares vested with a weighted-average grant date fair value of \$479.18 per share and a weighted-average vest date fair value of \$582.56 per share.

**Employee Stock Purchase Plan** – Roper’s employee stock purchase plan (“ESPP”) allows employees in the U.S. and Canada to designate up to 10% of eligible earnings to purchase Roper’s common stock at a 10% discount on the lower of the closing price on the first and last day of each quarterly offering period. Common stock sold to employees pursuant to the ESPP may be either treasury stock, stock purchased on the open market, or newly issued shares.

During the three months ended March 31, 2026 and 2025, participants of the ESPP purchased 0.023 and 0.016 shares, respectively, of Roper’s common stock for total consideration of \$7.4 and \$7.2, respectively. All of these shares were purchased from Roper’s treasury shares.

## 6. Stockholders’ Equity

In October 2025, the Company’s Board of Directors approved a share repurchase program for the repurchase of up to \$3,000.0 of the Company’s common stock. Shares of common stock may be repurchased from time to time through open market purchases or privately negotiated transactions, including under repurchase plans complying with Rule 10b5-1 under the Exchange Act, and subject to market conditions, applicable legal requirements, and other relevant factors. The repurchase program does not have a fixed expiration date, does not obligate the Company to acquire any specific number of shares, and may be suspended at any time at the Company’s discretion. The timing, manner, price, and amount of any repurchases made will be determined by the Company in its discretion and will depend on a variety of factors, including price, business and market conditions, corporate and regulatory requirements, alternative investment opportunities, acquisition opportunities, and other factors.

During the three months ended March 31, 2026, the Company repurchased 4.274 shares of its common stock for an aggregate purchase price of \$1,500.0 and an average price paid per share of \$350.99. The aggregate purchase price and average price paid per share exclude the 1% excise tax imposed by the Inflation Reduction Act of 2022, as amended, and broker commissions. All repurchases were made in open market transactions and there are no current plans to retire repurchased shares. As of March 31, 2026, \$1,000.0 of the originally authorized amount remained available for future repurchases under the share repurchase program.

From April 1, 2026 through April 30, 2026, the Company repurchased 1.498 shares of its common stock for an aggregate purchase price of \$528.4 and an average price paid per share of \$352.87, excluding excise tax and broker commissions.

In April 2026, the Company's Board of Directors approved an additional \$3,000.0 in share repurchase authorization under the program. As of April 30, 2026, total share repurchase authorization of \$3,471.6 remained available for future repurchases under the program.

## 7. Inventories

The components of inventories were as follows:

Amortization expense of other intangible assets was \$208.1 and \$194.5 during the three months ended March 31, 2026 and 2025, respectively.

An evaluation of the carrying value of goodwill and other indefinite-lived intangibles is required to be performed on an annual basis, and on an interim basis if an event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying value. There have been no events or changes in circumstances which indicate an interim impairment review is required in 2026. The Company will perform the annual analysis during the fourth quarter of 2026.

## **9. Long-Term Debt**

On March 30, 2026, we entered into a new five-year unsecured credit facility (the “Credit Agreement”) among Roper, the financial institutions from time to time party thereto, JPMorgan Chase Bank, N.A., as administrative agent, Bank of America, N.A. and Wells Fargo Bank, National Association, as syndication agents, and PNC Bank, National Association, Truist Bank, U.S. Bank National Association, The Huntington National Bank, Royal Bank of Canada, The Toronto-Dominion Bank, New York Branch, and MUFG Bank, Ltd., as documentation agents, which replaced the previous \$3,500.0 unsecured credit facility, dated as of July 21, 2022. The Credit Agreement comprises a five-year \$3,500.0 unsecured revolving credit facility, which includes availability of up to \$150.0 for letters of credit, of which \$60.0 is committed. Loans under the unsecured credit facility are available in dollars, and letters of credit will be available in dollars and other currencies to be agreed. The Company may also, subject to compliance with specified conditions, request additional term loans or revolving credit commitments in an aggregate amount not to exceed \$1,000.0.

The Company has the right to add foreign subsidiaries as borrowers under the Credit Agreement, subject to the satisfaction of specified conditions. The Company will guarantee the payment and performance by foreign subsidiary borrowers for any of their obligations under the Credit Agreement. The Company’s obligations under the Credit Agreement are not guaranteed by any of its subsidiaries. However, the Company has the right, subject to the satisfaction of certain conditions set forth in the Credit Agreement, to cause any of its wholly-owned domestic subsidiaries to become guarantors.

Loans under the Credit Agreement can be borrowed as term Secured Overnight Financing Rate (“SOFR”) loans or Alternate Base Rate (“ABR”) loans, at the Company’s option. Each term SOFR loan will bear interest at a rate per annum equal to the applicable term SOFR rate plus a spread ranging from 0.795% to 1.300%, as determined by the Company’s senior unsecured long-term debt rating at such time. Based on the Company’s current credit rating, the spread for SOFR loans would be 0.920%. Each ABR loan will bear interest at a rate per annum equal to the Alternate Base Rate plus a spread ranging from 0.000% to 0.300%, as determined by the Company’s senior unsecured long-term debt rating at such time. Based on the Company’s current credit rating, the spread for ABR loans would be 0.000%.

Outstanding letters of credit issued under the Credit Agreement are charged a quarterly fee depending on the Company’s senior unsecured long-term debt rating. Based on the Company’s current credit rating, the quarterly fee would be payable at a rate of 0.920% per annum, plus a fronting fee of 0.125% per annum on the undrawn and unexpired amount of all letters of credit.

Additionally, the Company will pay a quarterly facility fee on the used and unused portions of the unsecured revolving credit facility depending on the Company’s senior unsecured long-term debt rating. Based on the Company’s current credit rating, the quarterly facility fee would accrue at a rate of 0.080% per annum.

Amounts outstanding under the Credit Agreement may be accelerated upon the occurrence of customary events of default. The Credit Agreement requires the Company to maintain a Total Debt to Total Capital Ratio of 0.65 to 1.00, or less. Borrowings under the Credit Agreement are prepayable at the Company’s option at any time in whole or in part without premium or penalty.

## **10. Fair Value**

Financial assets and liabilities are valued using market prices on active markets (Level 1), less active markets (Level 2), and little or no market activity (Level 3). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets. Level 2 instrument valuations are obtained from readily available pricing sources for comparable instruments, identical instruments in less active markets, or models using market observable inputs. Level 3 instrument valuations typically reflect management’s estimate of assumptions that market participants would use in pricing the asset or liability.

**Debt** – As of March 31, 2026 and December 31, 2025, the total estimated fair value of Roper’s fixed-rate senior notes was \$8,141.6 and \$8,287.4, respectively. The fair values of the senior notes are based on the trading prices of each series of notes, which the Company has determined to be Level 2 in the FASB fair value hierarchy.

At March 31, 2026 and December 31, 2025, there were \$2,000.0 and \$850.0 of borrowings outstanding under our unsecured revolving credit facility, respectively. The carrying value of these borrowings approximates their estimated fair value.

**Indicor Equity Investment** – As of March 31, 2026 and December 31, 2025, the Company held a 43.4% and 43.8% equity interest in Indicor Equity, LLC (“Indicor”), respectively. We elected to apply the fair value option as we believe this is the most reasonable method to value this equity investment. The fair value of Roper’s equity investment in Indicor is estimated on a quarterly basis and the change in fair value is reported as a component of “Equity investment (gain) loss, net” in our Condensed Consolidated Statements of Earnings.

Although we believe our assumptions are considered reasonable and are consistent with the plans and estimates included in our Annual Report, there is significant judgment applied in determining fair value. Changes in estimates or the application of alternative assumptions could produce significantly different results. Our valuation methodology utilizes the market multiple approach consisting of comparable guideline public companies revenue and earnings multiples to estimate the fair value of this equity investment. The fair value of the investment reflects management’s estimate of assumptions that market participants would use in pricing the equity interest, which the Company has determined to be Level 3 in the FASB fair value hierarchy.

The following table provides a reconciliation of the fair value for our equity investment in Indicor measured using Level 3 inputs:

|                      | Three months ended<br>March 31, |                 |
|----------------------|---------------------------------|-----------------|

| Ending balance       | <u>\$ 963.6</u>                 | <u>\$ 728.2</u> |

**Receivables Purchase Agreement** – Outgo Inc. (“Outgo”), a freight payment software and factoring solutions subsidiary integrated into our DAT business, entered into a receivables purchase agreement (“RPA”) under which certain Outgo factored receivables are sold to a third-party financial institution on a non-recourse basis and derecognized upon sale. Sales of Outgo factored receivables did not result in a material gain or loss. As a part of the RPA, Outgo continues to perform certain collection and administrative functions for receivables sold to the purchaser. Under the agreement, Outgo retains a beneficial interest representing the deferred purchase price, which is repaid following collection of the underlying receivables. The fair value of this beneficial interest was \$4.1 at March 31, 2026. Cash inflows received from the beneficial interest totaled \$0.9 for the three months ended March 31, 2026 and are reported within other investing activities in the Condensed Consolidated Statement of Cash Flows.

## 11. Contingencies

Roper, in the ordinary course of business, is party to various pending or threatened legal actions, including product liability, intellectual property, antitrust, data privacy, and employment practices that, in general, are of a nature consistent with those over the past several years. After analyzing the Company’s contingent liabilities on a gross basis and, based upon past experience with resolution of such legal claims and the availability and limits of the primary, excess, and umbrella liability insurance coverages with respect to pending claims, management believes that adequate provision has been made to cover any potential liability not covered by insurance, and that the ultimate liability, if any, arising from these actions should not have a material adverse effect on Roper’s consolidated financial position, results of operations, or cash flows. However, no assurances can be given in this regard.

### 13. Revenues from Contracts

**Disaggregated Revenue** – We disaggregate our revenues by reportable segment into four categories: (i) recurring revenue comprised of Software-as-a-Service (“SaaS”), annual term licenses, and software post-contract support (“PCS”); (ii) reoccurring revenue comprised of transactional and volume-based fees facilitated through our software; (iii) non-recurring revenue comprised of multi-year term and perpetual software licenses, professional services associated with software products and hardware sold with our software licenses; and (iv) product revenue. See details in the table below:

**Remaining Performance Obligations** – Remaining performance obligations represent the transaction price of firm orders for which work has not yet been performed, excluding unexercised contract options. As of March 31, 2026, total remaining performance obligations were \$5,284.5. We expect to recognize revenues on approximately 64%, or \$3,392.1, of our remaining performance obligations over the next 12 months (“Backlog”), with the remainder of the revenue to be recognized thereafter.

#### Contract balances

| Balance sheet account                         | March 31, 2026 | December 31, 2025 | Change   |
|-----------------------------------------------|----------------|-------------------|----------|
| Unbilled receivables                          | \$ 142.7       | \$ 124.0          | \$ 18.7  |
| Deferred revenue – current                    | (1,792.5)      | (1,906.8)         | 114.3    |
| Deferred revenue – non-current <sup>(1)</sup> | (165.5)        | (170.8)           | 5.3      |
| Net contract assets/(liabilities)             | \$ (1,815.3)   | \$ (1,953.6)      | \$ 138.3 |

<sup>(1)</sup> The non-current portion of deferred revenue is included in “Other liabilities” in our Condensed Consolidated Balance Sheets.

The change in our net contract assets/(liabilities) from December 31, 2025 to March 31, 2026 was primarily due to the timing of payments and invoicing related to SaaS and PCS renewals, driven predominantly by the SaaS renewal cycle of our Frontline business which primarily occurs in the third quarter.

The Company records deferred revenue when cash payments are received or due in advance of the Company’s performance relating primarily to SaaS and PCS renewals. Revenue recognized that was included in the deferred revenue balance on December 31, 2025 and 2024 was \$849.3 and \$774.4 for the three months ended March 31, 2026 and 2025, respectively. In order to determine revenues recognized in the period from contract liabilities, we allocate revenue to the individual deferred revenue balance outstanding at the beginning of the year until the revenue exceeds that balance.

The current and non-current portions of deferred commissions are included in “Prepaid expenses and other current assets” and “Other assets,” respectively, in our Condensed Consolidated Balance Sheets. At March 31, 2026 and December 31, 2025, we had \$114.7 and \$113.6 of total deferred commissions, respectively.

## ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion in conjunction with Management’s Discussion and Analysis of Financial Condition and Results of Operations included in our Annual Report on Form 10-K for the year ended December 31, 2025 (“Annual Report”) as filed on February 24, 2026 with the U.S. Securities and Exchange Commission (“SEC”) and the Notes to Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report on Form 10-Q (“Quarterly Report”).

### Information About Forward-Looking Statements

This report includes “forward-looking statements” within the meaning of the federal securities laws. In addition, we, or our executive officers on our behalf, may from time to time make forward-looking statements in reports and other documents we file with the SEC or in connection with oral statements made to the press, potential investors, or others. All statements that are not historical facts are “forward-looking statements.” Forward-looking statements may be indicated by words or phrases such as “anticipate,” “estimate,” “plans,” “expects,” “projects,” “should,” “will,” “believes,” “intends,” and similar words and phrases. These statements reflect management’s current beliefs and are not guarantees of future performance. They involve risks and uncertainties that could cause actual results to differ materially from those expressed or implied in any forward-looking statement.

Examples of forward-looking statements in this report include but are not limited to statements regarding operating results, the success of our operating plans, our expectations regarding our ability to generate cash and reduce debt and associated interest expense, profit and cash flow expectations, the prospects for newly acquired businesses to be integrated and contribute to future growth, and our expectations regarding growth through acquisitions. Important assumptions relating to the forward-looking statements include, among others, demand for our products, the cost, timing, and success of product upgrades and new product introductions, raw materials costs, expected pricing levels, expected outcomes of pending litigation, competitive conditions, and general economic conditions. These assumptions could prove inaccurate. Although we believe that the estimates and projections reflected in the forward-looking statements are reasonable, our expectations may prove to be incorrect. Important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include but are not limited to:

- general economic conditions;
- difficulty making acquisitions, including receiving the necessary regulatory approvals (including clearance under the Hart-Scott-Rodino Act in the United States (“U.S.”) and similar antitrust regulations in foreign countries), and successfully integrating acquired businesses;
- any unforeseen liabilities associated with future acquisitions;
- information technology (IT) system failures, data security breaches, network disruptions, and cybersecurity events, including any litigation arising therefrom;
- failure to comply with new data privacy laws and regulations, including any litigation arising therefrom;
- risks and costs associated with our international sales and operations;
- volatile interest rates;
- limitations on our business imposed by our indebtedness;
- product liability, litigation, and insurance risks;
- future competition;
- reduction of business with large customers;
- risks associated with government contracts;
- changes in the supply of, or price for, labor, energy, raw materials, parts, and components, including as a result of inflation or potential supply chain constraints;
- potential write-offs of our goodwill and other intangible assets;
- our ability to successfully develop new products;
- risks associated with the use of artificial intelligence (“AI”), including our ability to develop, deploy, and use AI in our platforms and offerings;
- failure to protect our intellectual property;
- unfavorable changes in foreign exchange rates;
- risks related to changing U.S. and foreign trade policies, including increased trade restrictions or tariffs (including repeal or non-renewal of the United States-Mexico-Canada Agreement);
- increased warranty exposure;
- environmental compliance costs and liabilities;
- the effect of, or change in, government regulations (including tax);
- the impacts of any U.S. government shutdowns;

- economic disruption caused by armed conflicts (such as the conflicts in Ukraine and the Middle East), terrorist attacks, health crises, or other unforeseen geopolitical events; and
- the factors discussed in other reports we file with the SEC from time to time.

You should not place undue reliance on any forward-looking statements, which are based on current expectations. Further, forward-looking statements speak only as of the date they are made, and we undertake no obligation to publicly update any of these statements in light of new information or future events.

## **Overview**

Roper is a diversified technology company. Roper has a proven, long-term, successful track record of compounding cash flow and increasing shareholder value. We operate market leading businesses that design and develop vertical software and technology enabled products for a variety of defensible niche markets.

We pursue consistent and sustainable growth in revenue, earnings, and cash flow by enabling continuous improvement in the operating performance of our businesses and by acquiring other businesses that offer high value-added software, services, technology-enabled products, and solutions that we believe are capable of realizing growth while maintaining high margins.

### Three Months Ended March 31, 2026 compared to the Three Months Ended March 31, 2025

Net revenues for the three months ended March 31, 2026 were \$2,095.3 as compared to \$1,882.8 for the three months ended March 31, 2025, an increase of 11.3%. The components of revenue growth for the three months ended March 31, 2026 were as follows:

|                        | Application Software | Network Software | Technology Enabled Products | Roper  |
|------------------------|----------------------|------------------|-----------------------------|--------|
| Total Revenue Growth   | 11.5 %               | 13.8 %           | 8.5 %                       | 11.3 % |
| Less: Impacts of:      |                      |                  |                             |        |
| Acquisitions           | 5.6                  | 8.1              | 0.6                         | 4.9    |
| Foreign Exchange       | 0.7                  | 0.5              | 0.8                         | 0.8    |
| Organic Revenue Growth | 5.2 %                | 5.2 %            | 7.1 %                       | 5.6 %  |

In our Application Software segment, net revenues in the first quarter of 2026 grew 11.5% to \$1,191.5 as compared to \$1,068.2 in the first quarter of 2025, led by contributions from 2025 acquisitions, most notably CentralReach. The growth of 5.2% in organic revenues was broad-based across the segment, led by our application software businesses serving the legal, project-based private sector, higher education, and property and casualty insurance markets. Gross margin increased to 69.0% in the first quarter of 2026 as compared to 67.5% in the first quarter of 2025 due primarily to improved leverage on higher organic revenues as well as revenue mix. SG&A expenses as a percentage of net revenues increased to 42.2% in the first quarter of 2026 as compared to 41.6% in the first quarter of 2025 due primarily to higher amortization of acquired intangibles from the 2025 acquisition of CentralReach, partially offset by operating leverage on higher organic revenues. As a result, operating margin was 26.8% in the first quarter of 2026 as compared to 25.9% in the first quarter of 2025.

In our Network Software segment, net revenues in the first quarter of 2026 grew 13.8% to \$427.6 as compared to \$375.9 in the first quarter of 2025, led by contributions from 2025 acquisitions, most notably Subsplash. The growth of 5.2% in organic revenues was broad-based across the segment, led by our network software businesses serving the freight match, construction, and alternate site healthcare markets. Gross margin increased to 84.3% in the first quarter of 2026 as compared to 84.0% in the first quarter of 2025 due primarily to lower amortization associated with fully amortized acquired intangibles and improved leverage on higher organic revenues, partially offset by margin profiles associated with our 2025 acquisitions, most notably payments revenue mix from Subsplash and the Convoy platform within our freight match software business. SG&A expenses as a percentage of net revenues increased to 43.6% in the first quarter of 2026 as compared to 39.6% in the first quarter of 2025 due primarily to SG&A profiles associated with our 2025 acquisitions, including higher amortization of acquired intangibles. As a result, operating margin was 40.6% in the first quarter of 2026 as compared to 44.3% in the first quarter of 2025.

In our Technology Enabled Products segment, net revenues in the first quarter of 2026 grew 8.5% to \$476.2 as compared to \$438.7 in the first quarter of 2025. The growth of 7.1% in organic revenues was led by our medical products businesses, highlighted by our precision measurement and airway management businesses. These increases were partially offset by a decline in our water meter technology business. Gross margin decreased to 56.9% in the first quarter of 2026 as compared to 58.7% in the first quarter of 2025 due primarily to revenue mix within our medical products businesses weighted more towards consumables and input cost pressures at our water meter technology business. SG&A expenses as a percentage of net revenues increased to 24.4% in the first quarter of 2026 as compared to 23.6% in the first quarter of 2025 due primarily to reduced operating leverage associated with our water meter technology business. The resulting operating margin was 32.4% in the first quarter of 2026 as compared to 35.0% in the first quarter of 2025.

Corporate expenses increased to \$77.8 in the first quarter of 2026 as compared to \$71.3 in the first quarter of 2025. The dollar increase was due primarily to higher stock-based compensation expense, partially offset by a reduction in fees for professional services. As a percentage of net revenues, corporate expenses decreased to 3.7% of net revenues in the first quarter of 2026 as compared to 3.8% of net revenues in the first quarter of 2025.

Interest expense, net, increased to \$99.3 for the first quarter of 2026 as compared to \$62.9 for the first quarter of 2025 due primarily to higher average debt balances and a higher weighted-average interest rate on our senior notes.

Equity investment activity, net, was a gain of \$167.3 in the first quarter of 2026 due to an increase in the fair value of our equity investment in Indicor. Equity investment activity, net, was a loss of \$44.4 in the first quarter of 2025 due primarily to a decrease in the fair value of our equity investment in Indicor. Changes in the fair value of our Indicor equity investment are primarily due to Indicor's financial performance as well as fluctuations in the equity values of comparable guideline public companies.

Income taxes as a percentage of pretax earnings decreased to 19.9% for the first quarter of 2026 as compared to 20.8% for the first quarter of 2025, due primarily to favorable rate impact from the recognition of a net tax benefit associated with legal entity restructuring, partially offset by a reduction in stock-based compensation tax benefits.

Backlog is equal to our remaining performance obligations expected to be recognized as revenue within the next 12 months as discussed in Note 13 of the Notes to Condensed Consolidated Financial Statements. Backlog increased 11.8% to \$3,392.1 at March 31, 2026 as compared to \$3,033.8 at March 31, 2025 due primarily to acquisitions and organic growth in our software segments.

### Financial Condition, Liquidity, and Capital Resources

All currency amounts are in millions, except per share data

Selected cash flows for the three months ended March 31, 2026 and 2025 were as follows:

| Cash provided by (used in): | Three months ended March 31, |            |
|-----------------------------|------------------------------|------------|
|                             | 2026                         | 2025       |
| Operating activities        | \$ 592.1                     | \$ 528.7   |
| Investing activities        | \$ (56.1)                    | \$ (146.8) |
| Financing activities        | \$ (444.7)                   | \$ (207.8) |

#### Operating activities

Net cash provided by operating activities increased by 12% to \$592.1 in the three months ended March 31, 2026 as compared to \$528.7 in the three months ended March 31, 2025 due primarily to higher net earnings before non-cash expenses, and more cash provided by net working capital primarily related to changes in the balances of accounts receivable, accrued compensation, and accounts payable, partially offset by changes in the balances of deferred revenue and accrued interest.

#### Investing activities

Cash used in investing activities during the three months ended March 31, 2026 was primarily for a business acquisition, capitalized software expenditures, and capital expenditures. Cash used in investing activities during the three months ended March 31, 2025 was primarily for the acquisition of Muni-Link.

#### Financing activities

Cash used in financing activities during the three months ended March 31, 2026 primarily consisted of repurchases of our common stock as well as dividend payments, partially offset by net borrowings under our unsecured revolving credit facility. Cash used in financing activities during the three months ended March 31, 2025 was primarily for net repayments on our unsecured revolving credit facility and dividend payments.

### *Net working capital*

Net working capital (total current assets, excluding cash, less total current liabilities, excluding debt) was negative \$1,332.8 at March 31, 2026 as compared to negative \$1,389.7 at December 31, 2025. The change in net working capital was primarily driven by a decrease in deferred revenue predominantly due to the timing of SaaS renewals associated with our Frontline business, the timing of payments associated with incentive compensation and interest payments on our senior notes, partially offset by a decrease in accounts receivable and changes in tax-related balances.

### *Debt*

Total debt consisted of the following:

|                                                        | <b>As of March 31, 2026</b> |

| Less: Current portion, net of deferred financing costs | (715.6)                     |
| Long-term debt, net of deferred financing costs        | \$ 9,748.4                  |

On March 30, 2026, we entered into the Credit Agreement, which replaced the previous \$3,500.0 unsecured credit facility, dated as of July 21, 2022. The Credit Agreement comprises a five-year \$3,500.0 unsecured revolving credit facility, which includes availability of up to \$150.0 for letters of credit. Loans under the unsecured credit facility are available in dollars, and letters of credit will be available in dollars and other currencies to be agreed. We may also, subject to compliance with specified conditions, request additional term loans or revolving credit commitments in an aggregate amount not to exceed \$1,000.0.

The interest rate on borrowings under the new \$3,500.0 unsecured revolving credit facility is calculated based upon various recognized indices plus a margin as defined in the Credit Agreement. At March 31, 2026, we had \$7.1 of outstanding letters of credit.

We expect existing cash balances, together with cash generated by our operations and amounts available under our credit facility, will be sufficient to fund our operating requirements for the foreseeable future.

We were in compliance with all debt covenants related to our new and previous unsecured credit facilities throughout their respective periods of effectiveness during the three months ended March 31, 2026.

Total debt, net of deferred financing costs was \$10,464.0 at March 31, 2026 as compared to \$9,301.0 at December 31, 2025. Our total debt increased at March 31, 2026 as compared to December 31, 2025 due primarily to net borrowings of \$1,150.0 on our unsecured revolving credit facility. Our leverage is presented in the following table:

|                                             | <b>March 31,<br/>2026</b> | <b>December 31,<br/>2025</b> |

### *Foreign cash, and cash equivalents*

In relation to our total cash and cash equivalents, amounts held at our foreign subsidiaries represented 51.9% or \$198.8 at March 31, 2026 as compared to 57.6% or \$171.2 at December 31, 2025. The increase in foreign cash and cash equivalents was primarily due to cash generated at our foreign subsidiaries during the three months ended March 31, 2026, partially offset by

cash repatriation of \$40.0. We intend to repatriate substantially all historical and future foreign earnings that can be repatriated without incremental U.S. federal tax cost.

#### *Capitalized expenditures*

Capital expenditures were \$14.3 for the three months ended March 31, 2026 as compared to \$9.5 for the three months ended March 31, 2025. Capitalized software expenditures were \$15.4 for the three months ended March 31, 2026 as compared to \$12.4 for the three months ended March 31, 2025. We expect the aggregate of capital expenditures and capitalized software expenditures for 2026 to be comparable to prior years as a percentage of net revenues.

#### *Tax legislation*

On July 4, 2025, the U.S. government enacted H.R. 1, the One Big Beautiful Bill Act (the “OBBBA”), which introduced tax reform provisions that amend, eliminate, or extend certain tax rules under the Inflation Reduction Act and the Tax Cuts and Jobs Act. Legislative changes include the repeal of the requirement to capitalize and amortize domestic research and development expenditures under Internal Revenue Code Section 174. The legislation includes multiple effective dates and, as enacted, did not have a material impact on our effective tax rate in the first quarter of 2026 and is not expected to have a significant impact on our annual effective tax rate in full year 2026 or thereafter. We continue to assess the broader impacts of the OBBBA.

#### *Share repurchase program*

During the three months ended March 31, 2026, we repurchased 4,274 shares of our common stock for an aggregate purchase price of \$1,500.0 and an average price paid per share of \$350.99, excluding excise tax and broker commissions. As of March 31, 2026, \$1,000.0 of the originally authorized amount remained available for future repurchases under the share repurchase program.

From April 1, 2026 through April 30, 2026, we repurchased 1,498 shares of our common stock for an aggregate purchase price of \$528.4 and an average price paid per share of \$352.87, excluding excise tax and broker commissions.

In April 2026, our Board approved an additional \$3,000.0 in share repurchase authorization under the program. As of April 30, 2026, total share repurchase authorization of \$3,471.6 remained available for future repurchases under the program.

#### **Outlook**

Current geopolitical and economic uncertainties, including inflation, tariffs and changes in trade policy, supply chain disruptions, and labor shortages, could adversely affect our business prospects. An armed conflict (such as the ongoing conflicts in Ukraine and the Middle East), significant terrorist attack, other global conflict, widespread cybersecurity event or information technology system failure, or public health crisis could cause changes in world economies that would adversely affect us. It is impossible to isolate each of these potential factor’s future effects on current economic conditions or any of our businesses. It is also impossible to predict with any reasonable degree of certainty what or when any additional events may occur that also would similarly disrupt the economy and have an adverse impact on our businesses.

We believe that internally generated cash flows and the remaining availability under our unsecured credit facility will be adequate to finance our normal operating requirements. We maintain an active acquisition program; however, future acquisitions will be dependent on numerous factors and it is not feasible to reasonably estimate if or when any such acquisitions will occur and what the impact will be on our business, financial condition, and results of operations. Such acquisitions may be financed by the use of existing credit agreements, future cash flows from operations, future divestitures, the proceeds from the issuance of new debt or equity securities, or any combination of these methods, the terms and availability of which will be subject to market and economic conditions generally.

We anticipate that our businesses will generate positive cash flows from operating activities, and that these cash flows will permit the reduction of currently outstanding debt in accordance with the repayment schedule. However, the rate at which we can reduce our debt (and reduce the associated interest expense) will be affected by, among other things, the financing and operating requirements of any new acquisitions, the financial performance of our existing companies, any allocation of capital toward share repurchases, the impact of the aforementioned geopolitical and economic uncertainties, and the financial markets generally. None of these factors can be predicted with certainty.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

See “Item 7A. Quantitative and Qualitative Disclosures about Market Risk” in our Annual Report. There were no material changes during the three months ended March 31, 2026.

### **ITEM 4. CONTROLS AND PROCEDURES**

As required by SEC rules, we have evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this Quarterly Report (“Evaluation Date”). This evaluation was carried out under the supervision and with the participation of our management, including our principal executive officer and principal financial officer. Based on this evaluation as of the Evaluation Date, these officers have concluded that the design and operation of our disclosure controls and procedures are effective.

Our disclosure controls and procedures are designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), is recorded, processed, summarized, and reported within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by us in the reports that we file or submit under the Exchange Act are accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting during the period covered by this Quarterly Report that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## PART II. OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

Information pertaining to legal proceedings can be found in Note 11 of the Notes to Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report and is incorporated by reference herein.

### ITEM 1A. RISK FACTORS

Information regarding risk factors can be found in “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Information About Forward-Looking Statements,” in Part I, Item 2 of this Quarterly Report and in Part I, Item 1A of our 2025 Annual Report on Form 10-K. There have been no material changes during the three months ended March 31, 2026 to the risk factors reported in our 2025 Annual Report on Form 10-K.

### ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

#### Issuer Purchases of Equity Securities

In October 2025, our Board of Directors approved a share repurchase program for the repurchase of up to \$3,000.0 of our common stock. The repurchase program, announced on October 23, 2025, does not have a fixed expiration date, does not obligate the Company to acquire any specific number of shares, and may be suspended at any time at the Company’s discretion. Under the program, shares may be repurchased through open market purchases or privately negotiated transactions, including under repurchase plans complying with Rule 10b5-1 under the Exchange Act.

Share repurchases for the three months ended March 31, 2026 were as follows (amounts are in millions, except for average price paid per share):

<sup>(1)</sup> Average price paid per share excludes excise tax imposed by the Inflation Reduction Act of 2022, as amended, and broker commissions.

All share repurchases during the three months ended March 31, 2026 were made in open market transactions.

In April 2026, our Board of Directors approved an additional \$3,000.0 in share repurchase authorization under the repurchase program. Refer to Note 6 of the Notes to Condensed Consolidated Financial Statements within this Quarterly Report for additional information regarding our share repurchase program.

### ITEM 5. OTHER INFORMATION

On February 3, 2026, L. Neil Hunn, our President and Chief Executive Officer and a member of our Board of Directors, adopted a 10b5-1 trading plan that is intended to satisfy the affirmative defense of Rule 10b5-1(c) for the exercise and sale of up to 40,000 stock options, subject to certain price limitations set forth in the plan. The 10b5-1 trading plan was adopted during an open insider trading window, and no sales will commence under the plan until completion of the required cooling-off period. The 10b5-1 trading plan terminates on January 19, 2027, unless terminated sooner in accordance with its terms.

**ROPER TECHNOLOGIES, INC.**  
**2021 Incentive Plan**

**PERFORMANCE SHARE UNIT AWARD AGREEMENT**

Pursuant to this Performance Share Unit Award Agreement (this “**Award Agreement**”), and subject to the terms and conditions herein and in the Roper Technologies, Inc. 2021 Incentive Plan (the “**Plan**”), Roper Technologies, Inc. (the “**Company**”) grants an Award of performance based Restricted Stock Units (“**Performance Share Units**” or “**PSUs**”) to the following identified Grantee with the following specified terms:

**Summary of Award Terms:**

**Name of Grantee:** \_\_\_\_\_ (the “**Grantee**”)

**Date of Grant:** \_\_\_\_\_ (the “**Grant Date**”)

**Target Number of Performance Share Units:** \_\_\_\_\_ (the “**Target PSUs**”)

**Performance Period:** The Performance Period is the three-year period commencing on January 1 of the year of Grant Date and ending on December 31 of the second calendar year after the year of the Grant Date. (“**Performance Period**”)

**Vesting Date:** The vesting date of the PSUs is the Vesting Determination Date (as defined below) (the “**Vesting Date**”), and the PSUs shall vest only upon the achievement of the applicable Performance Goals for the Performance Period. Depending on the actual achievement of Performance Goals, the Grantee may earn between 0% and [\_\_\_\_]% of the Target PSUs.

**Performance Goals:** The number of PSUs earned by the Grantee after the end of the Performance Period, if any, will be determined by the Committee, in its sole but reasonable discretion, on or before the Settlement Date, based on the satisfaction of Performance Goals identified in **Exhibit A** to this Award Agreement. The date the Committee determines the satisfaction of the Performance Goals shall be referred to herein as the “**Vesting Determination Date**”.

Unless otherwise provided in this Award Agreement, Grantee must have Continuous Service as a Participant through the Vesting Determination Date to remain eligible for any rights or interests with respect to this Award.

**Settlement Date of Award:** The settlement date of the Award shall be as soon as practicable following the Vesting Date, but no later than seventy-four (74) days following the Vesting Date (the “**Settlement Date**”).

Capitalized terms used in this Award Agreement (including **Exhibit A** hereto), unless otherwise defined, shall have the meanings set forth in the Plan.

By the Grantee’s electronic signature of this Award Agreement (including the Grantee’s acceptance of the terms set forth in **Appendix A - Confidentiality, Intellectual Property, Noncompetition and Nonsolicitation Agreement**), the Grantee and the Company agree that this Award is granted under and governed by the terms and conditions of the Plan and this Award Agreement, all of which are made a part of this document. Notwithstanding any provision to the contrary set forth herein, the Shares shall be subject to recoupment by the Company (meaning returned to the Company) within thirty (30) days after written demand presented to the Grantee by the Company in the event that the enforceability of any obligation of the Grantee under **Appendix A** is challenged by the Grantee and found by a controlling adjudicatory authority (court, applicable government agency, or arbitrator) to be void or unenforceable in any part deemed material by the Company. The Shares and the Grantee’s commitments under **Appendix A** are mutually dependent elements of consideration in this Award Agreement. Accordingly, the recoupment rights provided to the Company hereunder shall be treated as the return of failed consideration. The rights granted to the Company above shall be in addition to, and are not to be applied in lieu of (or as a replacement in whole or in part for) any remedies that would otherwise be available to the Company for a breach of **Appendix A** or any other legal obligation the Grantee has to the Company in law or equity, including but not limited to recoverable damages, an order of specific performance, or injunctive relief.

**1. Grant of Performance Share Units.** The Company hereby grants this Award of PSUs, pursuant to which, subject to the terms and conditions of this Award Agreement and the Plan, the Company will pay to the Grantee on the Settlement Date one (1) Share as of the Settlement Date multiplied by the number of vested PSUs earned hereby, subject to applicable withholding for taxes.

**2. Vesting.** The Award is subject to the vesting terms set forth in the Summary of Award Terms above, except as may otherwise be provided in this Award Agreement or in the Plan. Any portion of the Award that does not vest for any reason shall automatically be cancelled and terminated and be of no further force and effect.

**3. Forfeiture.**

**(a)** If the Grantee has a termination of Continuous Service as a Participant prior to the end of the Performance Period for any reason, then except as provided in this Section 3 or in an employment agreement between the Company and the Grantee then in effect, the

Grantee shall forfeit the Award, and shall have no further rights or interest with respect to, any of the PSUs granted hereby, with automatic and immediate effect as of the termination of Continuous Service as a Participant. Notwithstanding the foregoing, if the Grantee's employment is terminated due to the Grantee's death or Disability, the Grantee will vest one hundred percent (100%) in the Target PSUs which shall be settled in whole Shares, rounded down to the nearest whole Share, as soon as administratively practicable following the Grantee's termination of Continuous Service as a Participant due to death or Disability but in no event later than seventy-four (74) days following the end of the calendar year in which such termination of Continuous Service as a Participant occurs.

(b) The Award, and the Committee's determination of the satisfaction of Performances Goals, shall be subject to adjustment by the Committee (i) as provided in the Plan, and (ii) in recognition of unusual or nonrecurring events affecting the Company or any Affiliate, or the financial statements of the Company or any Affiliate, or of changes in applicable laws, regulations or accounting principles, if the Committee determines that such adjustments are appropriate or necessary.

4. **Change in Control.** In the event of a Change in Control, the Award shall be subject to the provisions of Section 13.7 of the Plan.

5. **Settlement of Award.** On the Settlement Date, the Company will, in full satisfaction of the PSUs granted hereby, pay to the Grantee the amount owed, as determined by the Committee based upon the Committee's determination of achievement of the Performance Goals, in whole Shares, rounded down to the nearest whole Share.

(a) Notwithstanding anything herein to the contrary, no transfer of Shares shall become effective until the Company determines that such transfer, issuance, and delivery is in compliance with all applicable, laws, regulations of governmental authority, and the requirements of any securities exchange on which Shares may be traded.

(b) The Committee may, as a condition to the issuance of Shares, require the Grantee to make covenants and representations and/or enter into agreements with the Company to reflect the Grantee's rights and obligations as a stockholder of the Company and any limitations and restrictions on such Shares.

(c) The transfer of Shares pursuant to this Award Agreement shall be effectuated by an appropriate entry on the books of the Company, the issuance of certificates representing such shares (bearing such legends as the Committee deems necessary or desirable), the transfer of shares to a brokerage account in the name of the Grantee, and/or other appropriate means as determined by the Committee.

(d) Unless and until any Shares are issued in settlement of the Award on the Settlement Date, the Award shall not confer to the Grantee any rights or status as a stockholder of the Company.

(e) If during the Performance Period and prior to the Settlement Date the Company pays cash dividends on the Company's outstanding shares of Stock, dividend equivalents shall be credited to the account of the Grantee equal to the amount of dividends that would have been payable had the corresponding PSUs been outstanding Shares. Such dividend equivalents shall vest in the same percentage, if any, as the PSUs vest and be settled in the form of cash on the Settlement Date.

6. **Withholding**. The Grantee shall surrender to the Company, for no consideration, the portion of any Shares that become vested under this Award Agreement whose aggregate Fair Market Value is sufficient to satisfy federal, state, and local withholding tax requirements.

7. **No Assignment or Transfer**. The Award granted hereunder may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution. No transfer by will or the laws of descent and distribution shall be effective to bind the Company unless the Committee shall have been furnished with (i) written notice thereof along with such evidence as the Committee may deem necessary to establish the validity of the transfer and (ii) an agreement by the transferee to comply with all the terms and conditions of the Award that are or would have been applicable to the Grantee and to be bound by the acknowledgements made by the Grantee in connection with the grant.

8. **Grantee Representations**. By accepting the Award, the Grantee represents and acknowledges the following:

(a) The Grantee has received a copy of the Plan, has reviewed the Plan and this Award Agreement in their entirety, and has had an opportunity to obtain the advice of independent legal counsel prior to accepting the Award.

(b) The Grantee has had the opportunity to consult with a tax advisor concerning the tax consequences of accepting the Award and understands that the Company makes no representation regarding the tax treatment as to any aspect of the Award, including the grant, vesting, settlement, or conversion of the Award.

(c) The Grantee understands that neither the grant of this Award nor the Grantee's participation in the Plan confers any right to continue in the service of the Company or any Affiliate or to receive any other award or amount of compensation, whether under the Plan or otherwise, and no payment of any award under the Plan will be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance, or other

benefit plan of the Company or any Affiliate except as otherwise specifically provided in such other plan.

(d) The Grantee consents to the collection, use, and transfer, in electronic or other form, of the Grantee's personal data by the Company, any Affiliate, the Committee, and any third party retained to administer the Plan for the exclusive purpose of administering the Award and Grantee's participation in the Plan. The Grantee agrees to promptly notify the Committee of any changes in the Grantee's name, address, or contact information during the entire period of Plan participation.

(e) Notwithstanding anything in this Award Agreement to the contrary or any other agreement to the contrary, the Grantee further agrees that (i) the Grantee is not entitled to, and has no rights to, future Awards, (ii) any rights of the Grantee to future Awards shall be in the sole discretion of the Company, (iii) the Company may discontinue the granting of future Awards at any time, without notice and without the Grantee's consent, (iv) the Award is discretionary on behalf of the Company and is not related to the salary or any other contractual benefits granted to the Grantee by the Company or any Affiliate, and therefore, any benefits derived from the Award will not under any circumstances be considered as an integral part of the Grantee's compensation, (v) the value of the Award will not be considered at any time for purposes of any severance calculations associated with the Grantee, and (vi) the Grantee understands and agrees that any modification to this Award shall not constitute a change or impairment of the terms and conditions of his or her employment with the Company or any Affiliate.

9. **Adjustments.** If there is a change in the outstanding Shares due to a stock dividend, split, or consolidation, or a recapitalization, corporate change, corporate transaction, or other similar event relating to the Company, the Committee may adjust the number of Target PSUs subject to the Award in accordance with Article 14 of the Plan.

10. **Administration; Interpretation.** In accordance with the Plan and this Award Agreement, the Committee shall have full discretionary authority to administer the Award, including discretionary authority to interpret and construe any and all provisions relating to the Award. Decisions of the Committee shall be final, binding, and conclusive on all parties.

11. **Section 409A.** It is intended that this Award Agreement is exempt from Code Section 409A and the interpretive guidance thereunder ("Section 409A"), and this Award Agreement shall be administered accordingly, and interpreted and construed on a basis consistent with such intent. The provisions of Section 16.4 of the Plan are incorporated by reference herein.

12. **Successors**. The terms of this Award Agreement shall be binding upon and inure to the benefit of the heirs of the Grantee or distributees of the Grantee's estate and any successor to the Company.

13. **Governing Law; Severability**.

(a) **Governing Law**. This Award Agreement shall be construed and administered in accordance with the laws of the State of Delaware without regard to its conflict of law principles.

(b) **Severability**. Any determination by a court of competent jurisdiction or relevant governmental authority that any provision or part of a provision in this Award Agreement is unlawful or invalid shall not serve to invalidate any portion of this Award Agreement not found to be unlawful or invalid, and any provision or part of a provision found to be unlawful or invalid shall be construed in a manner that will give effect to the terms of such provision or part of a provision to the fullest extent possible while remaining lawful and valid.

14. **Acknowledgment of Receipt and Acceptance**. By signing below (or acceptance by other means, including by electronic signature), the undersigned acknowledges receipt and acceptance of the Award, agrees to the representations made in the Award, and indicates his/her intention to be bound by this Award Agreement and the terms of the Plan.

**EXHIBIT A**  
**TO**  
**PERFORMANCE SHARE UNIT AWARD AGREEMENT**

**Performance Goals**

**General.** Vesting of the Target PSUs will be determined as follows: vesting of the Target PSUs will be determined with reference to the adjusted diluted net earnings per share (“ADNEPS”) compound annual growth rate for the applicable Performance Period subject to adjustment based on a relative free cash flow margin measure as set forth below.

**Vesting.** The Target PSUs that shall become eligible to vest will be based on the Company’s ADNEPS compound annual growth rate (as defined below) for the Performance Period. No portion of the Target PSUs shall become eligible to vest if the Committee determines that the Company’s ADNEPS compound annual growth rate for the Performance Period is less than \_\_%. If the Committee determines that the Company’s ADNEPS compound annual growth rate for the Performance Period is greater than or equal to \_\_%, the percentage of the Target PSUs that shall become eligible to vest will equal the Vested Percentage (as defined in the table below).

| <b>Roper ADNEPS Compound Annual Growth Rate for Performance Period</b> | <b>Vested Percentage</b> |
|------------------------------------------------------------------------|--------------------------|
| __%                                                                    | XX%                      |
| __% - __%                                                              | XX%                      |
| __%                                                                    | XX%                      |
| __% or greater                                                         | XX%                      |

If the Company’s ADNEPS compound annual growth rate for the Performance Period is less than \_\_% but greater than \_\_%, or less than \_\_% but greater than \_\_%, or less than \_\_% but at least \_\_% or greater, the Vested Percentage will be interpolated on a straight-line basis between the respective levels. No interpolation shall be applied if the Company’s ADNEPS compound annual growth rate for the Performance Period is between \_\_% and \_\_%, in which case the Vested Percentage shall be \_\_%.

**ADNEPS Compound Annual Growth Rate** shall mean the compound annual growth rate of the Company’s ADNEPS for the Performance Period using the Company’s ADNEPS for the fiscal year ended December 31 of the year immediately before the commencement for the Performance Period as the baseline. The Company’s ADNEPS is net earnings from continuing operations increased or reduced to eliminate the effects of extraordinary items, accounting changes, financial impacts associated with minority investments, gains or losses from dispositions and associated income taxes, restructuring of debt obligations, asset dispositions, asset write-downs or impairment charges, acquisition-related expenses on completed acquisitions, acquisition-related intangible amortization, litigation settlements, litigation judgments, reorganization and restructuring programs, and non-recurring or special items divided by the diluted weighted average shares outstanding for the fiscal year as reported on the Company’s Form 10-K, and shall be calculated generally consistent with the manner in which the Company’s adjusted diluted earnings per share are reported in the Company’s quarterly earnings releases for the Performance Period.

**Adjusted Free Cash Flow Margin Modifier.** The total number of PSUs that may ultimately vest will be modified by the Adjusted Free Cash Flow Margin (“AFCFM”) Modifier Percentage as set forth in the following table:

| <b>Roper AFCFM Percentile Ranking (Modified S&amp;P 500) for the Performance Period</b> | <b>AFCFM Modifier Percentage</b> |
|-----------------------------------------------------------------------------------------|----------------------------------|
| Below or equal to the XX <sup>th</sup> percentile                                       | -XX%                             |
| The XX <sup>th</sup> percentile                                                         | 0% (no modification)             |
| Above or equal to the XX <sup>th</sup> percentile                                       | +XX%                             |

In connection with the vesting the AFCFM Modifier Percentage shall be applied to the number of shares vested to determine the adjustment to the number of shares to vest (either as an increase or decrease) pursuant to the application of the AFCFM Modifier Percentage. In the event of an adjustment that decreases the number of shares to vest, such shares shall reduce the number of shares vesting. In the event of an adjustment that increases the number of shares to vest, such shares shall increase the number of shares vesting. Any additional shares vested as a result of the application of the AFCFM Modifier Percentage shall be subject to the Vesting Cap (as defined below).

If the AFCFM Percentile Ranking is less than the XXth percentile but greater than the XXth percentile, or less than the XXth percentile but greater than the XXth percentile, the AFCFM Modifier Percentage will be interpolated on a straight-line basis between the respective levels.

**Vesting Cap.** In no event shall the Vested Percentage exceed XX% of the sum of the Target PSUs.

Definitions relevant to the calculation of the AFCFM Modifier Percentage are as follows:

**Modified S&P 500** means the companies constituting the Standard & Poor’s 500 Index as of the beginning of the Performance Period, excluding any companies in the finance, real estate, or utility sectors. Any component company of the Standard & Poor’s 500 Index that is acquired, taken private, delisted, liquidated, or no longer publicly traded due to filing for bankruptcy protection at any time during the Performance Period will be eliminated from the S&P 500 for the entire Performance Period. There will be no adjustments to the S&P 500 to account for any other changes to the Standard & Poor’s 500 Index during the Performance Period.

**AFCFM** means the adjusted free cash flow margin (as a percentage of revenue) during the Performance Period, which will be calculated as the operating cash flow *less* capital expenditures and capitalized software, subject to adjustments consistent with those mentioned above with respect to the calculation of ADNEPS and shall be calculated generally consistent with the manner in which the Company’s free cash flow and revenue are reported in the Company’s quarterly earnings releases for the Performance Period.

**Other Terms and Conditions.** All vesting referenced above is contingent on a determination by the Committee that the Performance Goals for the Performance Period have been satisfied.

**APPENDIX A TO  
PERFORMANCE SHARE UNIT AWARD AGREEMENT**

**CONFIDENTIALITY, INTELLECTUAL PROPERTY,  
NON-COMPETITION AND NON-SOLICITATION AGREEMENT**

This Confidentiality, Intellectual Property, Non-Competition and Non-Solicitation Agreement (“**Agreement**”) is by and between Roper Technologies, Inc. and the Participant.

WHEREAS, Roper Technologies, Inc.’s grant of performance based Restricted Stock Units with a grant date specified in the Performance Share Unit Award Agreement (“**Grant Date**”), is conditioned upon my execution of this Agreement, in consideration of Roper Technologies, Inc.’s grant of such performance based Restricted Stock Units and the mutual promises contained in this Agreement, Roper Technologies, Inc. and I agree to the following terms and conditions:

**1. Position of Trust.** As used herein: “**Company**” means Roper Technologies, Inc., and any Affiliate that I am transferred to, am entrusted with Confidential Information about, or am required to provide services to in the course of my employment or services. “**Affiliate**” is any corporation, entity or organization that Roper Technologies, Inc. owns a controlling interest in or that is under common ownership and control with Roper Technologies, Inc. I acknowledge that I am being placed in a position of special trust and confidence. I understand that the Company has spent and will continue to spend substantial time and money developing its technologies, products and services and training its employees on its technologies, products and services. The Company also has dedicated its time and resources developing and maintaining relationships with existing and potential customers, clients, referral sources and vendors. Through my position, the Company will provide me with one or more of the following: **(a)** Confidential Information; **(b)** authorization to develop and expand relationships with customers, prospective customers, and others involved in the Company’s business that are key to the development of goodwill for the Company; and/or **(c)** specialized training related to the Company’s business and customers. I understand that the Company will provide me with one or more of these items in reliance upon my promise to abide by all of the restrictions in this Agreement. I agree that the business in which the Company is engaged is extremely competitive and that through my employment with the Company I have received and had access to and will receive and have access to Confidential Information (as defined below), customer contact, and proprietary materials related to the Company’s business that would give me an unfair competitive advantage in competition against the Company if not subject to restrictions provided for in this Agreement.

**2. Nondisclosure Obligation.** I agree not to engage in any unauthorized use or disclosure of Confidential Information and to limit my use of such information to purposes that further the Company’s business interests consistent with my assigned job duties. As used herein, “**Confidential Information**” refers to an item of information or a compilation of information in any form (tangible or intangible) related to the Company’s business that Company has not made public or authorized public disclosure of, and that is not generally known to the public through proper means. Confidential Information includes, but is not limited to: **(a)** Company’s business plans and analysis, customer and prospective customer lists,

marketing plans and strategies, research and development data, buying practices, financial data, operational data, methods, techniques, technical data, know-how, innovations, computer programs, un-patented inventions, and trade secrets; and **(b)** information about the business affairs of third parties (including, but not limited to, clients and acquisition targets) that such third parties provide to Company in confidence. Confidential Information will remain protected under this Agreement if made public by improper means (such as an unauthorized disclosure by me or another person). I understand and agree that the obligations of this paragraph shall continue to apply after the termination of my employment. Nothing herein prohibits a disclosure of information that is compelled by law; provided, however, that to the extent allowed by law, if I am compelled to disclose Confidential Information I will give Company as much advance written notice as possible under the circumstances and will cooperate with Company in any legal action undertaken to protect the confidentiality of the information. Nothing in this Agreement is intended or shall be construed to prohibit or discourage me from reporting of, or opposition to, an illegal act, or as limiting or impeding the right of a non-managerial and non-supervisory employee who is covered by the National Labor Relations Act (the “**Act**”) from using or sharing information about terms and conditions of employment (such as wages, hours, or working conditions) for purposes that are protected under Section 7 of the Act (such as organization or collective bargaining).

**3. Intellectual Property Obligations.** I understand that I am expected, through my position with the Company, to use my creative and inventive capacities to assist the Company. I agree that during my employment I will promptly disclose to the Company any Intellectual Property that I create, conceive, or contribute to. “**Intellectual Property**” means any item that would qualify as an Invention or Copyrightable Work. “**Copyrightable Works**” means all original works of authorship that I prepare, alone or with others, within the scope of my employment with Company or that relate to a line of business that Company is engaged in or may reasonably be anticipated to engage in, including, but not limited to, reports, computer programs, mask works, drawings, designs, documentation and publications. “**Inventions**” means all intellectual property, inventions, designs, discoveries, innovations, ideas, know-how and/or improvements, whether patentable or not, and whether made by me alone or jointly with others, which **(a)** relate to the existing or foreseeable business interests of Company, **(b)** relate to Company’s actual or anticipated research or development, **(c)** were developed or discovered with the assistance of Company tools, equipment, personnel or other resources, or **(d)** are suggested by, related to or results from any task assigned to me, Confidential Information provided to me, or work performed by me for or on behalf of the Company.

**3.1 Ownership of Intellectual Property.** I agree that all Inventions are and will remain the sole and exclusive property of Company. I do hereby grant and assign all of my right(s), title and interest in and to any and all Inventions, inclusive of all moral rights and rights of control of any kind, to the Company. I recognize that all Copyrightable Works shall to the fullest extent permissible be considered “works made for hire” in the United States as defined in the U.S. Copyright Laws and in any other country adhering to the “works made for hire” or similar notion. All such Copyrightable Works shall from the time of creation be owned solely and exclusively by Company throughout the world. If any Copyrightable Works or portion thereof shall not be legally qualified as a work made for hire in the United States or elsewhere, or shall subsequently be held to not be a work made for hire, I do hereby grant and assign all of my right(s) (inclusive of all moral rights and rights of control of any kind), title and

interest in and to any and all Copyrightable Works, and all registered and applied for copyrights therein, to the Company.

**3.2 Cooperation Obligation.** When requested to do so by Company, either during or subsequent to my employment with Company, I will **(a)** execute all documents requested by Company for the vesting in Company of the entire right, title and interest in and to the Inventions, Confidential Information and Copyrightable Works, and all patent application filed and issuing on the Inventions; **(b)** execute all documents requested by Company for filing and obtaining of patents or copyrights; and **(c)** provide assistance that Company reasonably requires to protect its right, title and interest in the Inventions, Confidential Information and Copyrightable Works, including, but not limited to, providing declarations and testifying in administrative and legal proceedings with regard to Inventions, Confidential Information and Copyrightable Works. The Company shall have full control over all applications for patents or other legal protection of these Inventions and Copyrightable Works. The Company is not obligated to use or exploit these Inventions or Copyrightable Works or attribute them to me. In the event that there is any invention, copyrightable work, idea, discovery, development, or other intellectual property that I own or in which I have an interest that is not owned by the Company pursuant to the above terms, and such intellectual property is incorporated into any product or service of the Company, then I hereby grant to the Company and its assigns a nonexclusive, perpetual, irrevocable, fully paid-up, royalty-free, worldwide license to any such item that is so incorporated, including all rights to make, use, sell, reproduce, display, modify, or distribute the item.

**4. Nonsolicitation and Noncompete Obligations.** As used herein, the following definitions shall apply: “**Conflicting Product or Service**” means any product or service of any person or organization other than Company that competes with a product or service of the Company, whether in existence or under development, that I had involvement with or received Confidential Information about during the Look Back Period. The “**X Look Back Period**” refers to the last two (2) years of my employment with Company or such lesser period as I may have been employed with the Company and the “**Y Look Back Period**” refers to the last twelve (12) months of my employment with the Company or such lesser period as I may have been employed with the Company. “**Conflicting Organization**” means any person or organization which is engaged in or planning to become engaged in development, production, marketing, or selling of a Conflicting Product or Service. “**Covered Customer**” is a Company customer (person or entity) that I, or persons under my supervision or management, had business-related contact or dealings with on behalf of the Company in the Y Look Back Period. A customer is understood to include persons or entities that the Company is doing business with (as reflected by any sales or services provided to that person in the preceding two (2) year period) and those with whom the Company has a reasonable expectation of doing business based upon proposals or other business-related contact engaged in with the person or entity in the six (6) month period preceding the termination of my employment with the Company. “**Assigned Territory**” is the geographic area, by state, county, or other recognized geographic boundary that is assigned to me as a limitation on where I am to do business for the Company if my responsibilities for the Company are limited to, or confined to a specific geographic territory. The Company does business throughout the United States and worldwide in all other countries where it can lawfully do business. Accordingly, if I am not provided a more limited territory assignment, then the Assigned Territory applicable to me shall be understood to be the state(s)

where I am employed and provide services, the United States, and the other countries throughout the world where the Company marketed products or services that I had involvement with, during the Y Look Back Period. To “solicit” refers to any intentional communication or conduct that encourages or induces action in another party or is likely to do so, without regard for which party first initiated contact or communication, and without regard to whether the communication or conduct was in response to an inquiry or request. The date or event of “**termination of employment**” refers to the end of employment regardless of which party ends the employment relationship, why the relationship is ended, or how the relationship is ended (resignation, dismissal, lay off, end of fixed employment term, or otherwise).

**4.1 Non-Compete.** During my employment with Company, I will avoid competing with the Company or providing unauthorized assistance to a Conflicting Organization. In order to protect the Company’s trade secrets and other business interests invested in me, for a period of twenty-four (24) months after the termination of my employment with Company, I will not, to the extent permitted by applicable law, engage in any “**Competing Activities**” within my Assigned Territory. “**Competing Activities**” are any activities or services for a Conflicting Organization (as an employee, consultant, contractor, officer, owner, director, or otherwise) that **(a)** involve performing, supervising, or managing services that are the same as or similar in function or purpose to those I performed, supervised, or managed for the Company in the X Look Back Period, **(b)** involve a Conflicting Product or Service, or **(c)** would be likely to involve the use of Confidential Information. Notwithstanding the foregoing, I may accept employment with a Conflicting Organization whose business is diversified and which is, as to that part of its business in which I accept employment, not a Conflicting Organization if prior to acceptance I provide the Company written notice of the position I am taking and provide written assurances satisfactory to Company that the position will not involve a Conflicting Product or Service or involve use of Confidential Information.

**4.2 Nonsolicitation of Customers.** In order to protect the Company’s trade secrets and other legitimate business interests, during my employment with Company and for twenty-four (24) months after the termination of my employment for any reason, I will not, in person or through the direction or control of others, knowingly solicit business from, contact or communicate with a Covered Customer for the purpose of **(a)** selling or servicing a Conflicting Product or Service, or **(b)** diverting a business opportunity away from the Company. The foregoing is understood to be reasonably limited by geography to the locations where the Covered Customer does business and is available for contact. If a geographic limitation is required under applicable law or if at the time of the termination of my employment my primary area of responsibility is limited to the sale or provision of products or services within one or more Assigned Territories (applicable to myself or individuals I manage or supervise), then the post-employment restrictions set forth herein shall include and be limited to those Assigned Territory(s) applicable to me during the Y Look Back Period.

**4.3 Nonsolicitation of Employees and Sales Representatives.** During my employment with the Company, and for a period of twenty-four (24) months after the termination of my employment, I will not solicit or communicate with, in person or through others, an employee or individual sales representative of the Company that I worked with or became familiar with as a result of my association with the Company, for the purpose of inducing or encouraging such person to end his or her relationship

with the Company or to provide services to a Conflicting Organization. Nothing in this Section 4.3 is intended to prohibit general advertising to fill an opening in a publication directed to the public at large (such as a “want ad” in a newspaper) (and any subsequent hiring as a result thereof) so long as it does not target the Company’s employees or representatives.

## **5. Additional Terms, Conditions, and Representations.**

**5.1 No Violation of Agreements with Prior Employers.** I am under no contractual obligations with a prior employer or other party that would prohibit me from being employed with the Company or from performing the duties of the position I am being or have been hired to perform. I agree that I will not disclose to the Company or use for the Company’s benefit any information that to my knowledge is proprietary or confidential to any of my prior employers, without proper consent from the prior employer, if I am in possession of any such information.

**5.2 At-Will Employment.** I understand that this Agreement does not obligate me to remain employed by the Company nor does it confer upon me the right to continued employment by the Company. Except to the extent that I have entered into a written employment agreement with the Company which governs my employment relationship with the Company, the Company and I each have the right to terminate the employment relationship at any time, for any or no reason, with or without notice and with or without cause.

**5.3 Provisions are Reasonable.** I acknowledge and agree that it is reasonable and necessary for the protection of the goodwill and continued business of Company that I abide by the covenants and agreements contained in this Agreement during and following my employment with Company and that Company will suffer irreparable injury, loss, harm and damage if I engage in conduct prohibited in this Agreement. My experience and abilities are such that compliance with this Agreement will not cause any undue hardship or unreasonable restriction on my ability to earn a livelihood and that the restrictions on my activities during and after employment do not prevent me from using skills in any business or activity that is not in competition with Company. Nothing in this Agreement shall be construed to limit or reduce any common law or statutory duty I would otherwise owe to Company absent this Agreement, including but not limited to my duty of loyalty and fiduciary duty as an employee placed in a special position of trust; nor shall this Agreement limit or eliminate any remedies available to the Company for a violation of such duties.

**5.4 Notifications Related to New Employment.** I acknowledge that I will have the responsibility to inform any prospective employer of this Agreement and its restrictions prior to accepting employment with such employer. The Company and I are both entitled to express our opinions to others about the applicability of this Agreement to third parties. While I reserve the right to communicate my disagreement with such an opinion if I disagree, I recognize the Company’s legitimate business interest in expressing its opinion to a third party (such as, but not limited to, a prospective employer or a customer of the Company) and consent to it doing so if it believes such is necessary.

**5.5 Special Remedies.** I recognize that any breach by me of this Agreement will cause the Company irreparable harm that cannot be compensated adequately by an award of monetary damages. I

agree that the Company may seek and obtain injunctive relief in addition to damages the Company may recover at law. If I violate one of the post-employment restrictions in this Agreement on which there is a specific time limitation, the time period for that restriction will be extended by one day for each day I am found to be in violation of it, up to a maximum extension of time equal in length to the original period of restriction, so as to give the Company the benefit of a period of forbearance by me that is equal to the original length of time provided for. All remedies for enforcement of this Agreement shall be cumulative and not exclusive. If a legal action becomes necessary for the Company to enforce this Agreement, the Company shall have the right to recover the reasonable attorneys' fees and costs it incurs as a result of such action in the event it prevails in any such action.

**5.6 Governing Law and Venue.** In order to maintain uniformity in the interpretation of this Agreement across the Company's operations in many different states, the parties have expressly agreed that this Agreement, the parties' performance hereunder and the relationship between them shall be governed by, construed and enforced in accordance with the laws of the State of Delaware without regard to the conflict of law rules or limitations of Delaware or any other state that may otherwise apply. Any legal action arising from this Agreement shall be brought in the State of Florida or in the state where I was last employed for the Company (based on the office or location I was assigned to by the Company for reporting purposes) or in the state where the Company is headquartered, and I consent to the personal jurisdiction of the courts in such locations over me and waive any and all objections to the contrary.

**5.7 Survival.** To the extent any portion of this Agreement or any portion of any provision of this Agreement is held to be invalid or unenforceable within a particular jurisdiction, such provision shall be construed by limiting and reducing it so as to contain the maximum restrictions permitted by applicable law within that jurisdiction. All remaining provisions of this Agreement, and/or portions thereof, shall remain in full force and effect and the enforceability of the Agreement outside the jurisdiction at issue shall not be affected. Except where otherwise prohibited by applicable law, all of the restrictive covenants in this Agreement, shall be construed as agreements independent of one another and any other provision of this Agreement and shall survive the termination of this Agreement and my employment with the Company; and, the existence of any claim or cause of action against the Company, whether predicated on this Agreement or otherwise, shall not constitute a defense to the enforcement by the Company of such provisions.

**5.8 Integration.** I agree and acknowledge that this Agreement supersedes prior agreements between me and the Company with respect to the subject matter addressed in this Agreement. Notwithstanding the foregoing, in the event that this Agreement is found to be unenforceable by a court of law, then any prior agreement between the parties protecting the Company's legitimate business interests (a "Prior Agreement") may resume effect at the election of the Company; provided, however, that **(a)** the Company must make such election within ten (10) business days of such ruling of unenforceability becoming final, and **(b)** no post-employment conduct by me shall be deemed to have been in violation of a post-employment restriction in the Prior Agreement prior to the Company electing to resume the Prior Agreement and communicating such election to me in writing.

**5.9 Waiver or Modification / Assignability.** Neither this Agreement, nor any term or provision hereof, may be waived or modified in whole or in part by either party without the party that holds the right to enforce such provision expressly waiving the right to enforce such provision in writing. In the event of such a waiver from the Company, the Company's waiver must be in writing from an officer of Roper Technologies, Inc. expressly stating that it is intended to operate as a waiver or modification of this Agreement. This Agreement shall inure to the benefit of the Company, without the need for any further action by me. I understand that the Company is the intended beneficiary of this Agreement, and that any one or more of same with a material interest in my compliance with this Agreement may enforce this Agreement. I agree that this Agreement is assignable by the Company. I hereby consent and agree to assignment by the Company of this Agreement and all rights and obligations hereunder, including, but not limited to, an assignment in connection with any merger, sale, transfer or acquisition consummated by the Company relating to all or part of its assets.

**5.10 Transfer or Renewal of Employment.** This Agreement will be deemed to continue during any periods of renewal of my employment, including, but not limited to, periods of employment following promotions or transfers, or during any subsequent re-employment by the Company.

*Nothing in this Agreement prohibits the Participant from reporting an event that the Participant reasonably and in good faith believes is a violation of law to the relevant law-enforcement agency (such as the Securities and Exchange Commission, Equal Employment Opportunity Commission, or Department of Labor), or from cooperating in an investigation conducted by such a government agency. The Participant is hereby provided notice that under the 2016 Defend Trade Secrets Act (DTSA): (1) no individual will be held criminally or civilly liable under Federal or State trade secret law for disclosure of a trade secret (as defined under the DTSA) that: (A) is made in confidence to a Federal, State, or local government official, either directly or indirectly, or to an attorney; and made solely for the purpose of reporting or investigating a suspected violation of law; or, (B) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal so that it is not made public; and, (2) an individual who pursues a lawsuit for retaliation by an employer for reporting a suspected violation of the law may disclose the trade secret to the attorney of the individual and use the trade secret information in the court proceeding, if the individual files any document containing the trade secret under seal, and does not disclose the trade secret, except as permitted by court order.*

**ROPER TECHNOLOGIES, INC.**  
**2021 Incentive Plan**

**PERFORMANCE SHARE UNIT AWARD AGREEMENT**

Pursuant to this Performance Share Unit Award Agreement (this “**Award Agreement**”), and subject to the terms and conditions herein and in the Roper Technologies, Inc. 2021 Incentive Plan (the “**Plan**”), Roper Technologies, Inc. (the “**Company**”) grants an Award of performance based Restricted Stock Units (“**Performance Share Units**” or “**PSUs**”) to the following identified Grantee with the following specified terms:

**Summary of Award Terms:**

**Name of Grantee:** \_\_\_\_\_ (the “**Grantee**”)

**Date of Grant:** \_\_\_\_\_ (the “**Grant Date**”)

**Target Number of Performance Share Units:** \_\_\_\_\_ (the “**Target PSUs**”)

**Performance Periods (each a “Performance Period”):**

Two-Year Performance Period: The first Performance Period is the two-year period commencing on January 1 of the year of Grant Date and ending on December 31 of the first calendar year after the year of the Grant Date. (“Two-Year Performance Period”)

Three-Year Performance Period: The second Performance Period is the three-year period commencing on January 1 of the year of Grant Date and ending on December 31 of the second calendar year after the year of the Grant Date. (“Three-Year Performance Period”).

**Vesting Dates:** The vesting dates of the PSUs is the Vesting Determination Date (as defined below) (each a “**Vesting Date**”), and the PSUs shall vest only upon the achievement of the applicable Performance Goals for the Performance Period. Depending on the actual achievement of Performance Goals, the Grantee may earn between 0% and [\_\_\_\_]% of the Target PSUs.

**Performance Goals:** The number of PSUs earned by the Grantee after the end of the Two-Year Performance Period and the Three-Year Performance Period, if any, will be determined by the Committee, in its sole but reasonable discretion, after the completion of each Performance Period and on or before the Settlement Date, based on the

satisfaction of Performance Goals identified in **Exhibit A** to this Award Agreement. The dates the Committee determines the satisfaction of the Performance Goals shall be referred to herein as the “**Vesting Determination Dates**”.

Unless otherwise provided in this Award Agreement, Grantee must have Continuous Service as a Participant through the Vesting Determination Date to remain eligible for any rights or interests with respect to this Award.

**Settlement Date of Award**: The settlement date of the Award shall be as soon as practicable following a Vesting Date, but no later than seventy-four (74) days following a Vesting Date (the “**Settlement Date**”).

Capitalized terms used in this Award Agreement (including **Exhibit A** hereto), unless otherwise defined, shall have the meanings set forth in the Plan.

By the Grantee’s electronic signature of this Award Agreement (including the Grantee’s acceptance of the terms set forth in **Appendix A** - Confidentiality, Intellectual Property, Noncompetition and Nonsolicitation Agreement), the Grantee and the Company agree that this Award is granted under and governed by the terms and conditions of the Plan and this Award Agreement, all of which are made a part of this document. Notwithstanding any provision to the contrary set forth herein, the Shares shall be subject to recoupment by the Company (meaning returned to the Company) within thirty (30) days after written demand presented to the Grantee by the Company in the event that the enforceability of any obligation of the Grantee under **Appendix A** is challenged by the Grantee and found by a controlling adjudicatory authority (court, applicable government agency, or arbitrator) to be void or unenforceable in any part deemed material by the Company. The Shares and the Grantee’s commitments under **Appendix A** are mutually dependent elements of consideration in this Award Agreement. Accordingly, the recoupment rights provided to the Company hereunder shall be treated as the return of failed consideration. The rights granted to the Company above shall be in addition to, and are not to be applied in lieu of (or as a replacement in whole or in part for) any remedies that would otherwise be available to the Company for a breach of **Appendix A** or any other legal obligation the Grantee has to the Company in law or equity, including but not limited to recoverable damages, an order of specific performance, or injunctive relief.

**1. Grant of Performance Share Units.** The Company hereby grants this Award of PSUs, pursuant to which, subject to the terms and conditions of this Award Agreement and the Plan, the Company will pay to the Grantee on the Settlement Date one (1) Share as of the Settlement Date multiplied by the number of vested PSUs earned hereby, subject to applicable withholding for taxes.

**2. Vesting.** The Award is subject to the vesting terms set forth in the Summary of Award Terms above, except as may otherwise be provided in this Award Agreement or in the

Plan. Any portion of the Award that does not vest for any reason shall automatically be cancelled and terminated and be of no further force and effect.

**3. Forfeiture.**

(a) If the Grantee has a termination of Continuous Service as a Participant prior to the end of the Performance Period for any reason, then except as provided in this Section 3 or in an employment agreement between the Company and the Grantee then in effect, the Grantee shall forfeit the Award, and shall have no further rights or interest with respect to, any of the PSUs granted hereby, with automatic and immediate effect as of the termination of Continuous Service as a Participant. Notwithstanding the foregoing, if the Grantee's employment is terminated due to the Grantee's death or Disability, the Grantee will vest one hundred percent (100%) in the Target PSUs which shall be settled in whole Shares, rounded down to the nearest whole Share, as soon as administratively practicable following the Grantee's termination of Continuous Service as a Participant due to death or Disability but in no event later than seventy-four (74) days following the end of the calendar year in which such termination of Continuous Service as a Participant occurs.

(b) The Award, and the Committee's determination of the satisfaction of Performances Goals, shall be subject to adjustment by the Committee (i) as provided in the Plan, and (ii) in recognition of unusual or nonrecurring events affecting the Company or any Affiliate, or the financial statements of the Company or any Affiliate, or of changes in applicable laws, regulations or accounting principles, if the Committee determines that such adjustments are appropriate or necessary.

**4. Change in Control.** In the event of a Change in Control, the Award shall be subject to the provisions of Section 13.7 of the Plan.

**5. Settlement of Award.** On the Settlement Date, the Company will, in full satisfaction of the PSUs granted hereby, pay to the Grantee the amount owed, as determined by the Committee based upon the Committee's determination of achievement of the Performance Goals, in whole Shares, rounded down to the nearest whole Share.

(a) Notwithstanding anything herein to the contrary, no transfer of Shares shall become effective until the Company determines that such transfer, issuance, and delivery is in compliance with all applicable, laws, regulations of governmental authority, and the requirements of any securities exchange on which Shares may be traded.

(b) The Committee may, as a condition to the issuance of Shares, require the Grantee to make covenants and representations and/or enter into agreements with the Company

to reflect the Grantee's rights and obligations as a stockholder of the Company and any limitations and restrictions on such Shares.

(c) The transfer of Shares pursuant to this Award Agreement shall be effectuated by an appropriate entry on the books of the Company, the issuance of certificates representing such shares (bearing such legends as the Committee deems necessary or desirable), the transfer of shares to a brokerage account in the name of the Grantee, and/or other appropriate means as determined by the Committee.

(d) Unless and until any Shares are issued in settlement of the Award on the Settlement Date, the Award shall not confer to the Grantee any rights or status as a stockholder of the Company.

(e) If during the Performance Period and prior to the Settlement Date the Company pays cash dividends on the Company's outstanding shares of Stock, dividend equivalents shall be credited to the account of the Grantee equal to the amount of dividends that would have been payable had the corresponding PSUs been outstanding Shares. Such dividend equivalents shall vest in the same percentage, if any, as the PSUs vest and be settled in the form of cash on the Settlement Date.

6. **Withholding**. The Grantee shall surrender to the Company, for no consideration, the portion of any Shares that become vested under this Award Agreement whose aggregate Fair Market Value is sufficient to satisfy federal, state, and local withholding tax requirements.

7. **No Assignment or Transfer**. The Award granted hereunder may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution. No transfer by will or the laws of descent and distribution shall be effective to bind the Company unless the Committee shall have been furnished with (i) written notice thereof along with such evidence as the Committee may deem necessary to establish the validity of the transfer and (ii) an agreement by the transferee to comply with all the terms and conditions of the Award that are or would have been applicable to the Grantee and to be bound by the acknowledgements made by the Grantee in connection with the grant.

8. **Grantee Representations**. By accepting the Award, the Grantee represents and acknowledges the following:

(a) The Grantee has received a copy of the Plan, has reviewed the Plan and this Award Agreement in their entirety, and has had an opportunity to obtain the advice of independent legal counsel prior to accepting the Award.

(b) The Grantee has had the opportunity to consult with a tax advisor concerning the tax consequences of accepting the Award and understands that the Company makes no representation regarding the tax treatment as to any aspect of the Award, including the grant, vesting, settlement, or conversion of the Award.

(c) The Grantee understands that neither the grant of this Award nor the Grantee's participation in the Plan confers any right to continue in the service of the Company or any Affiliate or to receive any other award or amount of compensation, whether under the Plan or otherwise, and no payment of any award under the Plan will be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance, or other benefit plan of the Company or any Affiliate except as otherwise specifically provided in such other plan.

(d) The Grantee consents to the collection, use, and transfer, in electronic or other form, of the Grantee's personal data by the Company, any Affiliate, the Committee, and any third party retained to administer the Plan for the exclusive purpose of administering the Award and Grantee's participation in the Plan. The Grantee agrees to promptly notify the Committee of any changes in the Grantee's name, address, or contact information during the entire period of Plan participation.

(e) Notwithstanding anything in this Award Agreement to the contrary or any other agreement to the contrary, the Grantee further agrees that (i) the Grantee is not entitled to, and has no rights to, future Awards, (ii) any rights of the Grantee to future Awards shall be in the sole discretion of the Company, (iii) the Company may discontinue the granting of future Awards at any time, without notice and without the Grantee's consent, (iv) the Award is discretionary on behalf of the Company and is not related to the salary or any other contractual benefits granted to the Grantee by the Company or any Affiliate, and therefore, any benefits derived from the Award will not under any circumstances be considered as an integral part of the Grantee's compensation, (v) the value of the Award will not be considered at any time for purposes of any severance calculations associated with the Grantee, and (vi) the Grantee understands and agrees that any modification to this Award shall not constitute a change or impairment of the terms and conditions of his or her employment with the Company or any Affiliate.

9. **Adjustments**. If there is a change in the outstanding Shares due to a stock dividend, split, or consolidation, or a recapitalization, corporate change, corporate transaction, or other similar event relating to the Company, the Committee may adjust the number of Target PSUs subject to the Award in accordance with Article 14 of the Plan.

10. **Administration; Interpretation.** In accordance with the Plan and this Award Agreement, the Committee shall have full discretionary authority to administer the Award, including discretionary authority to interpret and construe any and all provisions relating to the Award. Decisions of the Committee shall be final, binding, and conclusive on all parties.

11. **Section 409A.** It is intended that this Award Agreement is exempt from Code Section 409A and the interpretive guidance thereunder (“**Section 409A**”), and this Award Agreement shall be administered accordingly, and interpreted and construed on a basis consistent with such intent. The provisions of Section 16.4 of the Plan are incorporated by reference herein.

12. **Successors.** The terms of this Award Agreement shall be binding upon and inure to the benefit of the heirs of the Grantee or distributees of the Grantee’s estate and any successor to the Company.

13. **Governing Law; Severability.**

(a) **Governing Law.** This Award Agreement shall be construed and administered in accordance with the laws of the State of Delaware without regard to its conflict of law principles.

(b) **Severability.** Any determination by a court of competent jurisdiction or relevant governmental authority that any provision or part of a provision in this Award Agreement is unlawful or invalid shall not serve to invalidate any portion of this Award Agreement not found to be unlawful or invalid, and any provision or part of a provision found to be unlawful or invalid shall be construed in a manner that will give effect to the terms of such provision or part of a provision to the fullest extent possible while remaining lawful and valid.

14. **Acknowledgment of Receipt and Acceptance.** By signing below (or acceptance by other means, including by electronic signature), the undersigned acknowledges receipt and acceptance of the Award, agrees to the representations made in the Award, and indicates his/her intention to be bound by this Award Agreement and the terms of the Plan.

**EXHIBIT A**  
**TO**  
**PERFORMANCE SHARE UNIT AWARD AGREEMENT**

**Performance Goals**

**General.** Vesting of the Target PSUs will be determined as follows: For the Two-Year Performance Period, 50% of the vesting of the Target PSUs will be determined with reference to the two-year adjusted diluted net earnings per share (“ADNEPS”) compound annual growth rate (“Tranche 1”); and for the Three-Year Performance Period, 50% of the vesting of the Target PSUs will be determined with reference to the three-year ADNEPS compound annual growth rate (“Tranche 2”). Tranche 1 and Tranche 2 are each subject to adjustment based on a relative free cash flow margin measure as set forth below.

**Tranche 1 Vesting (50% of the Target PSUs).** The Target PSUs that shall become eligible to vest will be based on the Company’s ADNEPS compound annual growth rate (as defined below) for the Performance Period. No portion of the Target PSUs shall become eligible to vest if the Committee determines that the Company’s ADNEPS compound annual growth rate for the Performance Period is less than \_\_%. If the Committee determines that the Company’s ADNEPS compound annual growth rate for the Performance Period is greater than or equal to \_\_%, the percentage of the Target PSUs that shall become eligible to vest will equal the Vested Percentage (as defined in the table below).

| <b>Roper ADNEPS Compound Annual Growth Rate for Two-Year Performance Period</b> | <b>Vested Percentage Tranche 1</b> |
|---------------------------------------------------------------------------------|------------------------------------|
| __%                                                                             | XX%                                |
| __% - __%                                                                       | XX%                                |
| __%                                                                             | XX%                                |
| __% or greater                                                                  | XX%                                |

If the Company’s ADNEPS compound annual growth rate for the Performance Period is less than \_\_% but greater than \_\_%, or less than \_\_% but greater than \_\_%, or less than \_\_% but at least \_\_% or greater, the Vested Percentage will be interpolated on a straight-line basis between the respective levels. No interpolation shall be applied if the Company’s ADNEPS compound annual growth rate for the Performance Period is between \_\_% and \_\_%, in which case the Vested Percentage shall be \_\_%. Tranche 1 vesting only occurs upon the Vesting Determination Date for the Two-Year Period.

**Adjusted Free Cash Flow Margin Modifier.** The total number of PSUs from Tranche 1 that may ultimately vest will be modified by the Adjusted Free Cash Flow Margin (“AFCFM”) Modifier Percentage as set forth in the following table:

| <b>Roper AFCFM Percentile Ranking (Modified S&amp;P 500) for the Two-Year Performance Period</b> | <b>AFCFM Modifier Percentage</b> |
|--------------------------------------------------------------------------------------------------|----------------------------------|
| Below or equal to the XX <sup>th</sup> percentile                                                | -XX%                             |

|                                                   |                      |
|---------------------------------------------------|----------------------|
| The XX <sup>th</sup> percentile                   | 0% (no modification) |
| Above or equal to the XX <sup>th</sup> percentile | +XX%                 |

In connection with the vesting the AFCFM Modifier Percentage shall be applied to the number of shares vested to determine the adjustment to the number of shares to vest (either as an increase or decrease) pursuant to the application of the AFCFM Modifier Percentage. In the event of an adjustment that decreases the number of shares to vest, such shares shall reduce the number of shares vesting. In the event of an adjustment that increases the number of shares to vest, such shares shall increase the number of shares vesting. Any additional shares vested as a result of the application of the AFCFM Modifier Percentage shall be subject to the Vesting Cap (as defined below).

If the AFCFM Percentile Ranking is less than the XXth percentile but greater than the XXth percentile, or less than the XXth percentile but greater than the XXth percentile, the AFCFM Modifier Percentage will be interpolated on a straight-line basis between the respective levels.

**Tranche 2 Vesting (50% of the Target PSUs).** The Target PSUs that shall become eligible to vest will be based on the Company's ADNEPS compound annual growth rate (as defined below) for the Performance Period. No portion of the Target PSUs shall become eligible to vest if the Committee determines that the Company's ADNEPS compound annual growth rate for the Performance Period is less than \_\_%. If the Committee determines that the Company's ADNEPS compound annual growth rate for the Performance Period is greater than or equal to \_\_%, the percentage of the Target PSUs that shall become eligible to vest will equal the Vested Percentage (as defined in the table below).

| <b>Roper ADNEPS Compound Annual Growth Rate for Three-Year Performance Period</b> | <b>Vested Percentage Tranche 2</b> |
|-----------------------------------------------------------------------------------|------------------------------------|
| __%                                                                               | XX%                                |
| __% - __%                                                                         | XX%                                |
| __%                                                                               | XX%                                |
| __% or greater                                                                    | XX%                                |

If the Company's ADNEPS compound annual growth rate for the Performance Period is less than \_\_% but greater than \_\_%, or less than \_\_% but greater than \_\_%, or less than \_\_% but at least \_\_% or greater, the Vested Percentage will be interpolated on a straight-line basis between the respective levels. No interpolation shall be applied if the Company's ADNEPS compound annual growth rate for the Performance Period is between \_\_% and \_\_%, in which case the Vested Percentage shall be \_\_%. Tranche 2 vesting only occurs upon the Vesting Determination Date for the Three-Year Period.

**Adjusted Free Cash Flow Margin Modifier.** The total number of PSUs from Tranche 2 that may ultimately vest will be modified by the Adjusted Free Cash Flow Margin ("AFCFM") Modifier Percentage as set forth in the following table:

| <b>Roper AFCFM Percentile Ranking (Modified S&amp;P 500) for the Three-Year Performance Period</b> | <b>AFCFM Modifier Percentage</b> |
|----------------------------------------------------------------------------------------------------|----------------------------------|
| Below or equal to the XX <sup>th</sup> percentile                                                  | -XX%                             |
| The XX <sup>th</sup> percentile                                                                    | 0% (no modification)             |
| Above or equal to the XX <sup>th</sup> percentile                                                  | +XX%                             |

In connection with the vesting the AFCFM Modifier Percentage shall be applied to the number of shares vested to determine the adjustment to the number of shares to vest (either as an increase or decrease) pursuant to the application of the AFCFM Modifier Percentage. In the event of an adjustment that decreases the number of shares to vest, such shares shall reduce the number of shares vesting. In the event of an adjustment that increases the number of shares to vest, such shares shall increase the number of shares vesting. Any additional shares vested as a result of the application of the AFCFM Modifier Percentage shall be subject to the Vesting Cap (as defined below).

If the AFCFM Percentile Ranking is less than the XXth percentile but greater than the XXth percentile, or less than the XXth percentile but greater than the XXth percentile, the AFCFM Modifier Percentage will be interpolated on a straight-line basis between the respective levels.

**ADNEPS Compound Annual Growth Rate** shall mean the compound annual growth rate of the Company's ADNEPS for the Performance Period using the Company's ADNEPS for the fiscal year ended December 31 of the year immediately before the commencement for the Performance Period as the baseline. The Company's ADNEPS is net earnings from continuing operations increased or reduced to eliminate the effects of extraordinary items, accounting changes, financial impacts associated with minority investments, gains or losses from dispositions and associated income taxes, restructuring of debt obligations, asset dispositions, asset write-downs or impairment charges, acquisition-related expenses on completed acquisitions, acquisition-related intangible amortization, litigation settlements, litigation judgments, reorganization and restructuring programs, and non-recurring or special items divided by the diluted weighted average shares outstanding for the fiscal year as reported on the Company's Form 10-K, and shall be calculated generally consistent with the manner in which the Company's adjusted diluted earnings per share are reported in the Company's quarterly earnings releases for the Performance Period.

**Vesting Cap.** In no event shall the Vested Percentage exceed XX% of the sum of the Target Tranche 1 and Tranche 2 PSUs.

Definitions relevant to the calculation of the AFCFM Modifier Percentage are as follows:

**Modified S&P 500** means the companies constituting the Standard & Poor's 500 Index as of the beginning of the Performance Period, excluding any companies in the finance, real estate, or utility sectors. Any component company of the Standard & Poor's 500 Index that is acquired, taken private, delisted, liquidated, or no longer publicly traded due to filing for bankruptcy protection at any time during the Performance Period will be eliminated from the S&P 500 for

the entire Performance Period. There will be no adjustments to the S&P 500 to account for any other changes to the Standard & Poor's 500 Index during the Performance Period.

**AFCFM** means the adjusted free cash flow margin (as a percentage of revenue) during the Performance Period, which will be calculated as the operating cash flow *less* capital expenditures and capitalized software, subject to adjustments consistent with those mentioned above with respect to the calculation of ADNEPS and shall be calculated generally consistent with the manner in which the Company's free cash flow and revenue are reported in the Company's quarterly earnings releases for the Performance Period.

**Other Terms and Conditions.** All vesting referenced above is contingent on a determination by the Committee that the Performance Goals for the Performance Period have been satisfied.

**APPENDIX A TO  
PERFORMANCE SHARE UNIT AWARD AGREEMENT**

**CONFIDENTIALITY, INTELLECTUAL PROPERTY,  
NON-COMPETITION AND NON-SOLICITATION AGREEMENT**

This Confidentiality, Intellectual Property, Non-Competition and Non-Solicitation Agreement (“**Agreement**”) is by and between Roper Technologies, Inc. and the Participant.

WHEREAS, Roper Technologies, Inc.’s grant of performance based Restricted Stock Units with a grant date specified in the Performance Share Unit Award Agreement (“**Grant Date**”), is conditioned upon my execution of this Agreement, in consideration of Roper Technologies, Inc.’s grant of such performance based Restricted Stock Units and the mutual promises contained in this Agreement, Roper Technologies, Inc. and I agree to the following terms and conditions:

**1. Position of Trust.** As used herein: “**Company**” means Roper Technologies, Inc., and any Affiliate that I am transferred to, am entrusted with Confidential Information about, or am required to provide services to in the course of my employment or services. “**Affiliate**” is any corporation, entity or organization that Roper Technologies, Inc. owns a controlling interest in or that is under common ownership and control with Roper Technologies, Inc. I acknowledge that I am being placed in a position of special trust and confidence. I understand that the Company has spent and will continue to spend substantial time and money developing its technologies, products and services and training its employees on its technologies, products and services. The Company also has dedicated its time and resources developing and maintaining relationships with existing and potential customers, clients, referral sources and vendors. Through my position, the Company will provide me with one or more of the following: **(a)** Confidential Information; **(b)** authorization to develop and expand relationships with customers, prospective customers, and others involved in the Company’s business that are key to the development of goodwill for the Company; and/or **(c)** specialized training related to the Company’s business and customers. I understand that the Company will provide me with one or more of these items in reliance upon my promise to abide by all of the restrictions in this Agreement. I agree that the business in which the Company is engaged is extremely competitive and that through my employment with the Company I have received and had access to and will receive and have access to Confidential Information (as defined below), customer contact, and proprietary materials related to the Company’s business that would give me an unfair competitive advantage in competition against the Company if not subject to restrictions provided for in this Agreement.

**2. Nondisclosure Obligation.** I agree not to engage in any unauthorized use or disclosure of Confidential Information and to limit my use of such information to purposes that further the Company’s business interests consistent with my assigned job duties. As used herein, “**Confidential Information**” refers to an item of information or a compilation of information in any form (tangible or intangible) related to the Company’s business that Company has not made public or authorized public disclosure of, and that is not generally known to the public through proper means. Confidential Information includes, but is not limited to: **(a)** Company’s business plans and analysis, customer and prospective customer lists,

marketing plans and strategies, research and development data, buying practices, financial data, operational data, methods, techniques, technical data, know-how, innovations, computer programs, un-patented inventions, and trade secrets; and **(b)** information about the business affairs of third parties (including, but not limited to, clients and acquisition targets) that such third parties provide to Company in confidence. Confidential Information will remain protected under this Agreement if made public by improper means (such as an unauthorized disclosure by me or another person). I understand and agree that the obligations of this paragraph shall continue to apply after the termination of my employment. Nothing herein prohibits a disclosure of information that is compelled by law; provided, however, that to the extent allowed by law, if I am compelled to disclose Confidential Information I will give Company as much advance written notice as possible under the circumstances and will cooperate with Company in any legal action undertaken to protect the confidentiality of the information. Nothing in this Agreement is intended or shall be construed to prohibit or discourage me from reporting of, or opposition to, an illegal act, or as limiting or impeding the right of a non-managerial and non-supervisory employee who is covered by the National Labor Relations Act (the “**Act**”) from using or sharing information about terms and conditions of employment (such as wages, hours, or working conditions) for purposes that are protected under Section 7 of the Act (such as organization or collective bargaining).

**3. Intellectual Property Obligations.** I understand that I am expected, through my position with the Company, to use my creative and inventive capacities to assist the Company. I agree that during my employment I will promptly disclose to the Company any Intellectual Property that I create, conceive, or contribute to. “**Intellectual Property**” means any item that would qualify as an Invention or Copyrightable Work. “**Copyrightable Works**” means all original works of authorship that I prepare, alone or with others, within the scope of my employment with Company or that relate to a line of business that Company is engaged in or may reasonably be anticipated to engage in, including, but not limited to, reports, computer programs, mask works, drawings, designs, documentation and publications. “**Inventions**” means all intellectual property, inventions, designs, discoveries, innovations, ideas, know-how and/or improvements, whether patentable or not, and whether made by me alone or jointly with others, which **(a)** relate to the existing or foreseeable business interests of Company, **(b)** relate to Company’s actual or anticipated research or development, **(c)** were developed or discovered with the assistance of Company tools, equipment, personnel or other resources, or **(d)** are suggested by, related to or results from any task assigned to me, Confidential Information provided to me, or work performed by me for or on behalf of the Company.

**3.1 Ownership of Intellectual Property.** I agree that all Inventions are and will remain the sole and exclusive property of Company. I do hereby grant and assign all of my right(s), title and interest in and to any and all Inventions, inclusive of all moral rights and rights of control of any kind, to the Company. I recognize that all Copyrightable Works shall to the fullest extent permissible be considered “works made for hire” in the United States as defined in the U.S. Copyright Laws and in any other country adhering to the “works made for hire” or similar notion. All such Copyrightable Works shall from the time of creation be owned solely and exclusively by Company throughout the world. If any Copyrightable Works or portion thereof shall not be legally qualified as a work made for hire in the United States or elsewhere, or shall subsequently be held to not be a work made for hire, I do hereby grant and assign all of my right(s) (inclusive of all moral rights and rights of control of any kind), title and

interest in and to any and all Copyrightable Works, and all registered and applied for copyrights therein, to the Company.

**3.2 Cooperation Obligation.** When requested to do so by Company, either during or subsequent to my employment with Company, I will **(a)** execute all documents requested by Company for the vesting in Company of the entire right, title and interest in and to the Inventions, Confidential Information and Copyrightable Works, and all patent application filed and issuing on the Inventions; **(b)** execute all documents requested by Company for filing and obtaining of patents or copyrights; and **(c)** provide assistance that Company reasonably requires to protect its right, title and interest in the Inventions, Confidential Information and Copyrightable Works, including, but not limited to, providing declarations and testifying in administrative and legal proceedings with regard to Inventions, Confidential Information and Copyrightable Works. The Company shall have full control over all applications for patents or other legal protection of these Inventions and Copyrightable Works. The Company is not obligated to use or exploit these Inventions or Copyrightable Works or attribute them to me. In the event that there is any invention, copyrightable work, idea, discovery, development, or other intellectual property that I own or in which I have an interest that is not owned by the Company pursuant to the above terms, and such intellectual property is incorporated into any product or service of the Company, then I hereby grant to the Company and its assigns a nonexclusive, perpetual, irrevocable, fully paid-up, royalty-free, worldwide license to any such item that is so incorporated, including all rights to make, use, sell, reproduce, display, modify, or distribute the item.

**4. Nonsolicitation and Noncompete Obligations.** As used herein, the following definitions shall apply: “**Conflicting Product or Service**” means any product or service of any person or organization other than Company that competes with a product or service of the Company, whether in existence or under development, that I had involvement with or received Confidential Information about during the Look Back Period. The “**X Look Back Period**” refers to the last two (2) years of my employment with Company or such lesser period as I may have been employed with the Company and the “**Y Look Back Period**” refers to the last twelve (12) months of my employment with the Company or such lesser period as I may have been employed with the Company. “**Conflicting Organization**” means any person or organization which is engaged in or planning to become engaged in development, production, marketing, or selling of a Conflicting Product or Service. “**Covered Customer**” is a Company customer (person or entity) that I, or persons under my supervision or management, had business-related contact or dealings with on behalf of the Company in the Y Look Back Period. A customer is understood to include persons or entities that the Company is doing business with (as reflected by any sales or services provided to that person in the preceding two (2) year period) and those with whom the Company has a reasonable expectation of doing business based upon proposals or other business-related contact engaged in with the person or entity in the six (6) month period preceding the termination of my employment with the Company. “**Assigned Territory**” is the geographic area, by state, county, or other recognized geographic boundary that is assigned to me as a limitation on where I am to do business for the Company if my responsibilities for the Company are limited to, or confined to a specific geographic territory. The Company does business throughout the United States and worldwide in all other countries where it can lawfully do business. Accordingly, if I am not provided a more limited territory assignment, then the Assigned Territory applicable to me shall be understood to be the state(s)

where I am employed and provide services, the United States, and the other countries throughout the world where the Company marketed products or services that I had involvement with, during the Y Look Back Period. To “solicit” refers to any intentional communication or conduct that encourages or induces action in another party or is likely to do so, without regard for which party first initiated contact or communication, and without regard to whether the communication or conduct was in response to an inquiry or request. The date or event of “**termination of employment**” refers to the end of employment regardless of which party ends the employment relationship, why the relationship is ended, or how the relationship is ended (resignation, dismissal, lay off, end of fixed employment term, or otherwise).

**4.1 Non-Compete.** During my employment with Company, I will avoid competing with the Company or providing unauthorized assistance to a Conflicting Organization. In order to protect the Company’s trade secrets and other business interests invested in me, for a period of twenty-four (24) months after the termination of my employment with Company, I will not, to the extent permitted by applicable law, engage in any “**Competing Activities**” within my Assigned Territory. “**Competing Activities**” are any activities or services for a Conflicting Organization (as an employee, consultant, contractor, officer, owner, director, or otherwise) that **(a)** involve performing, supervising, or managing services that are the same as or similar in function or purpose to those I performed, supervised, or managed for the Company in the X Look Back Period, **(b)** involve a Conflicting Product or Service, or **(c)** would be likely to involve the use of Confidential Information. Notwithstanding the foregoing, I may accept employment with a Conflicting Organization whose business is diversified and which is, as to that part of its business in which I accept employment, not a Conflicting Organization if prior to acceptance I provide the Company written notice of the position I am taking and provide written assurances satisfactory to Company that the position will not involve a Conflicting Product or Service or involve use of Confidential Information.

**4.2 Nonsolicitation of Customers.** In order to protect the Company’s trade secrets and other legitimate business interests, during my employment with Company and for twenty-four (24) months after the termination of my employment for any reason, I will not, in person or through the direction or control of others, knowingly solicit business from, contact or communicate with a Covered Customer for the purpose of **(a)** selling or servicing a Conflicting Product or Service, or **(b)** diverting a business opportunity away from the Company. The foregoing is understood to be reasonably limited by geography to the locations where the Covered Customer does business and is available for contact. If a geographic limitation is required under applicable law or if at the time of the termination of my employment my primary area of responsibility is limited to the sale or provision of products or services within one or more Assigned Territories (applicable to myself or individuals I manage or supervise), then the post-employment restrictions set forth herein shall include and be limited to those Assigned Territory(s) applicable to me during the Y Look Back Period.

**4.3 Nonsolicitation of Employees and Sales Representatives.** During my employment with the Company, and for a period of twenty-four (24) months after the termination of my employment, I will not solicit or communicate with, in person or through others, an employee or individual sales representative of the Company that I worked with or became familiar with as a result of my association with the Company, for the purpose of inducing or encouraging such person to end his or her relationship

with the Company or to provide services to a Conflicting Organization. Nothing in this Section 4.3 is intended to prohibit general advertising to fill an opening in a publication directed to the public at large (such as a “want ad” in a newspaper) (and any subsequent hiring as a result thereof) so long as it does not target the Company’s employees or representatives.

## **5. Additional Terms, Conditions, and Representations.**

**5.1 No Violation of Agreements with Prior Employers.** I am under no contractual obligations with a prior employer or other party that would prohibit me from being employed with the Company or from performing the duties of the position I am being or have been hired to perform. I agree that I will not disclose to the Company or use for the Company’s benefit any information that to my knowledge is proprietary or confidential to any of my prior employers, without proper consent from the prior employer, if I am in possession of any such information.

**5.2 At-Will Employment.** I understand that this Agreement does not obligate me to remain employed by the Company nor does it confer upon me the right to continued employment by the Company. Except to the extent that I have entered into a written employment agreement with the Company which governs my employment relationship with the Company, the Company and I each have the right to terminate the employment relationship at any time, for any or no reason, with or without notice and with or without cause.

**5.3 Provisions are Reasonable.** I acknowledge and agree that it is reasonable and necessary for the protection of the goodwill and continued business of Company that I abide by the covenants and agreements contained in this Agreement during and following my employment with Company and that Company will suffer irreparable injury, loss, harm and damage if I engage in conduct prohibited in this Agreement. My experience and abilities are such that compliance with this Agreement will not cause any undue hardship or unreasonable restriction on my ability to earn a livelihood and that the restrictions on my activities during and after employment do not prevent me from using skills in any business or activity that is not in competition with Company. Nothing in this Agreement shall be construed to limit or reduce any common law or statutory duty I would otherwise owe to Company absent this Agreement, including but not limited to my duty of loyalty and fiduciary duty as an employee placed in a special position of trust; nor shall this Agreement limit or eliminate any remedies available to the Company for a violation of such duties.

**5.4 Notifications Related to New Employment.** I acknowledge that I will have the responsibility to inform any prospective employer of this Agreement and its restrictions prior to accepting employment with such employer. The Company and I are both entitled to express our opinions to others about the applicability of this Agreement to third parties. While I reserve the right to communicate my disagreement with such an opinion if I disagree, I recognize the Company’s legitimate business interest in expressing its opinion to a third party (such as, but not limited to, a prospective employer or a customer of the Company) and consent to it doing so if it believes such is necessary.

**5.5 Special Remedies.** I recognize that any breach by me of this Agreement will cause the Company irreparable harm that cannot be compensated adequately by an award of monetary damages. I

agree that the Company may seek and obtain injunctive relief in addition to damages the Company may recover at law. If I violate one of the post-employment restrictions in this Agreement on which there is a specific time limitation, the time period for that restriction will be extended by one day for each day I am found to be in violation of it, up to a maximum extension of time equal in length to the original period of restriction, so as to give the Company the benefit of a period of forbearance by me that is equal to the original length of time provided for. All remedies for enforcement of this Agreement shall be cumulative and not exclusive. If a legal action becomes necessary for the Company to enforce this Agreement, the Company shall have the right to recover the reasonable attorneys' fees and costs it incurs as a result of such action in the event it prevails in any such action.

**5.6 Governing Law and Venue.** In order to maintain uniformity in the interpretation of this Agreement across the Company's operations in many different states, the parties have expressly agreed that this Agreement, the parties' performance hereunder and the relationship between them shall be governed by, construed and enforced in accordance with the laws of the State of Delaware without regard to the conflict of law rules or limitations of Delaware or any other state that may otherwise apply. Any legal action arising from this Agreement shall be brought in the State of Florida or in the state where I was last employed for the Company (based on the office or location I was assigned to by the Company for reporting purposes) or in the state where the Company is headquartered, and I consent to the personal jurisdiction of the courts in such locations over me and waive any and all objections to the contrary.

**5.7 Survival.** To the extent any portion of this Agreement or any portion of any provision of this Agreement is held to be invalid or unenforceable within a particular jurisdiction, such provision shall be construed by limiting and reducing it so as to contain the maximum restrictions permitted by applicable law within that jurisdiction. All remaining provisions of this Agreement, and/or portions thereof, shall remain in full force and effect and the enforceability of the Agreement outside the jurisdiction at issue shall not be affected. Except where otherwise prohibited by applicable law, all of the restrictive covenants in this Agreement, shall be construed as agreements independent of one another and any other provision of this Agreement and shall survive the termination of this Agreement and my employment with the Company; and, the existence of any claim or cause of action against the Company, whether predicated on this Agreement or otherwise, shall not constitute a defense to the enforcement by the Company of such provisions.

**5.8 Integration.** I agree and acknowledge that this Agreement supersedes prior agreements between me and the Company with respect to the subject matter addressed in this Agreement. Notwithstanding the foregoing, in the event that this Agreement is found to be unenforceable by a court of law, then any prior agreement between the parties protecting the Company's legitimate business interests (a "Prior Agreement") may resume effect at the election of the Company; provided, however, that **(a)** the Company must make such election within ten (10) business days of such ruling of unenforceability becoming final, and **(b)** no post-employment conduct by me shall be deemed to have been in violation of a post-employment restriction in the Prior Agreement prior to the Company electing to resume the Prior Agreement and communicating such election to me in writing.

**5.9 Waiver or Modification / Assignability.** Neither this Agreement, nor any term or provision hereof, may be waived or modified in whole or in part by either party without the party that holds the right to enforce such provision expressly waiving the right to enforce such provision in writing. In the event of such a waiver from the Company, the Company's waiver must be in writing from an officer of Roper Technologies, Inc. expressly stating that it is intended to operate as a waiver or modification of this Agreement. This Agreement shall inure to the benefit of the Company, without the need for any further action by me. I understand that the Company is the intended beneficiary of this Agreement, and that any one or more of same with a material interest in my compliance with this Agreement may enforce this Agreement. I agree that this Agreement is assignable by the Company. I hereby consent and agree to assignment by the Company of this Agreement and all rights and obligations hereunder, including, but not limited to, an assignment in connection with any merger, sale, transfer or acquisition consummated by the Company relating to all or part of its assets.

**5.10 Transfer or Renewal of Employment.** This Agreement will be deemed to continue during any periods of renewal of my employment, including, but not limited to, periods of employment following promotions or transfers, or during any subsequent re-employment by the Company.

*Nothing in this Agreement prohibits the Participant from reporting an event that the Participant reasonably and in good faith believes is a violation of law to the relevant law-enforcement agency (such as the Securities and Exchange Commission, Equal Employment Opportunity Commission, or Department of Labor), or from cooperating in an investigation conducted by such a government agency. The Participant is hereby provided notice that under the 2016 Defend Trade Secrets Act (DTSA): (1) no individual will be held criminally or civilly liable under Federal or State trade secret law for disclosure of a trade secret (as defined under the DTSA) that: (A) is made in confidence to a Federal, State, or local government official, either directly or indirectly, or to an attorney; and made solely for the purpose of reporting or investigating a suspected violation of law; or, (B) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal so that it is not made public; and, (2) an individual who pursues a lawsuit for retaliation by an employer for reporting a suspected violation of the law may disclose the trade secret to the attorney of the individual and use the trade secret information in the court proceeding, if the individual files any document containing the trade secret under seal, and does not disclose the trade secret, except as permitted by court order.*
